Level 4 Certificate in Administration (Business Professional) 03967

Level 4 Diploma in Administration (Business Professional) 03968

## Key features

- Flexible structure enabling centres and learners to choose the units most relevant to them
- Qualifications of various sizes to which further units may be added later as a progression route to other qualifications
- Core units covering essential skills with a wide range of optional units, including specialist options in presenting complex business information and chairing a meeting.

## Introduction

The OCR Level 4 qualifications in Administration (Business Professional) have been developed to recognise learners' understanding of complex administrative functions and activities and learners' ability to carry out a range of non-routine administrative tasks in a senior or supervisory role.

The qualifications are flexible, allowing learners to choose individual units that best fit their needs and level of achievement, whilst at the same time ensuring that essential areas of knowledge and skill from the administrative sector are covered. Text processing units may also be taken as options, increasing the breadth of skills demonstrated by successful learners.

**This is version 2. Last updated 06/02/15**

**We have removed the assessment of units in the Welsh language from February 2015.**

From February 2015 we have closed entries for exams for the Word Processing or Text Production in the medium of Welsh. Prior achievement will still be recognised as contributing to these qualifications. For full details see the [qualification webpage](#) or the [centre handbook](#).

## Target Audience

The OCR Level 4 Award, Certificate and Diploma in Administration (Business Professional) are suitable for those who wish to develop their knowledge, understanding and skills of complex administrative functions and activities. It recognises learners' abilities to carry out a wide range of administrative tasks, operating autonomously, in a senior or supervisory role.

These qualifications are suitable for learners aged 19 years and over.

## Qualification Structures

In order to achieve the Level 4 Award in Administration (Business Professional), learners need to accumulate minimum of 12 credits. 20 credits are required for a Level 4 Certificate and 37 credits for a Level 4 Diploma.

In order to achieve the Level 4 Award, Certificate or Diploma in Administration (Business Professional) learners need to achieve credit by taking units according to the rules of combination specified in the tables overleaf.

## Assessment

All Administration units are assessed within the centre and sent to OCR by post for moderation. A model assignment for each unit, which may be altered within specified tolerance, is available on our website [www.ocr.org.uk](http://www.ocr.org.uk)

The credit from certain Text Processing (Business Professional) units may also be used towards the Level 4 Certificate and Diploma in Administration (Business Professional). These units are assessed via timetabled examinations.

Text Processing (Business Professional) is a separate suite of qualifications and any centres wishing to offer these units must be approved to run these qualifications separately from their approval to run the Administration (Business Professional) suite. All Text Processing (Business Professional) units must be entered and paid for separately. For further details please see the Text Processing (Business Professional)
