Advanced Spanish Speaking Grade 10 Task A (adaptable)

Teacher's Notes

"I can give a presentation on a chosen theme and respond readily to questions."

Instructions

Learners look at the Learner's Page and have five minutes to think about the task. They then exchange ideas in pairs, changing partners every few minutes. This may occur as many times as the size of the group allows. In small groups, there should be at least two opportunities to rehearse with other learners before assessment with the teacher. If the class contains fewer than three students, more preparation time should be allowed.

Learners are assessed on the expression and justification of their ideas. Each learner gives his or her point of view about the issue to the teacher, either during the group role-play, afterwards in the same class, or subsequently, as circumstances may require. The teacher asks questions and assesses performance on the task at this point.

Marking notes

Each learner is assessed individually. The task is assessed on the basis of both communication (up to 5 marks) and language (up to 5 marks). Please do not use half marks.

COMMUNICATION	LANGUAGE
• choice and 3 reasons are clearly communicated and easily understood • pronunciation is appropriate to convey meaning • communication is maintained without major hesitations	• there is an attempt to use a range of structures appropriate to the Advanced Stage • a range of vocabulary appropriate to the topic is used • grammatical accuracy is adequate to convey meaning
• if the above is fully achieved: 5 marks • if the above is partially achieved: 3 / 4 marks • if the above is minimally achieved: 1 / 2 marks	• if the above is fully achieved: 5 marks • if the above is partially achieved: 3 / 4 marks • if the above is minimally achieved: 1 / 2 marks

Pass 7 out of 10 (communication + language)

Adapting the task

The teacher can adapt the task by selecting a different theme or context, as long as:

- a clear setting is outlined; and
- the support (i.e. easily comprehensible target vocabulary suggestions) is at a similar level.

An identical "rehearsal" element is not essential, but learners should be given an equivalent opportunity to practise before being assessed.

Decision-making situations could include the choice of a type of holiday, or of how to celebrate a particular event or occasion.

Advanced Spanish Speaking Grade 10 Task A

Learner's Page

• **Talk to one member of the class at a time** • **Explain your choice and the reasons for it** • **Comment on some of the other possible choices** • **Listen to your partner's opinions and try to persuade him/her** • **Talk to other partners** • **Finally, tell your teacher what you think**	You live in a village in Spain. The local council has received a donation of €100,000 to put up a building 'for the good of the village'. Everyone in the village is talking about what should be built with the money. You must choose one of the suggestions on the sheet below (or decide on an idea of your own). You have five minutes to think about your choice and develop at least three reasons for it. You should prepare to justify your choice and say why the other options are not as good. Then you must go around the village (your classroom) and ask the people you meet what they think, give your opinion, and try to persuade them that you are right. Finally you will speak individually to your teacher, to give and justify your choice. At this point your teacher will assess your performance.

Nuestro pueblo ha recibido una subvención de 100,000 euros para construir "un edificio para el beneficio de los vecinos" del pueblo. Hemos recibido un gran número de sugerencias y por eso hemos decidido organizar un debate público para explorar las diferentes posibilidades.

Advanced Spanish Speaking Grade 10 Task B (adaptable)

Teacher's Notes

"I can give a presentation on a chosen theme and respond readily to questions."

Instructions

This task involves an element of preparation. Each learner finds and brings to class three or four relevant photographs, then prepares a short talk about a village, town or region in the UK or a Spanish-speaking country. Dictionaries may be used at this preparation stage. Each learner then talks for one to two minutes, to a group or to the whole class, structuring the presentation around the pictures selected and covering three different aspects. He/she then answers at least three relevant questions asked by fellow learners or the teacher. The teacher should ensure that the questions are relevant to the content presented, and within the scope of what might reasonably be known by the learner. It may be necessary for the teacher to intervene and ask suitable questions.
Learners are assessed on the presentation and their three best answers to the subsequent questions.

Marking notes

Each learner is assessed individually. The task is assessed on the basis of both communication (up to 5 marks) and language (up to 5 marks). Please do not use half marks.

COMMUNICATION	LANGUAGE
• presentation is appropriately structured and three questions are appropriately answered • content is clearly communicated and easily understood • pronunciation is appropriate to convey meaning • communication is maintained without major hesitations	• there is an attempt to use a range of structures appropriate to the Advanced Stage • a range of vocabulary appropriate to the topic is used • grammatical accuracy is adequate to convey meaning
• if the above is fully achieved: 5 marks • if the above is partially achieved: 3 / 4 marks • if the above is minimally achieved: 1 / 2 marks	• if the above is fully achieved: 5 marks • if the above is partially achieved: 3 / 4 marks • if the above is minimally achieved: 1 / 2marks

Pass 7 out of 10 (communication + language)

Adapting the task

The teacher can adapt the task by selecting a different subject area (such as tourism, food or sport). A similar format should be maintained for the activity, i.e.

- three or four pictures
- a subject which requires a degree of research and preparation
- presentation of factual information beyond the personal and the familiar.

Learner's Page

• **Speak to a group or the whole class** • **The talk must last for up to two minutes** • **Afterwards, the group or your teacher will ask you questions**	Your task is to give a talk about a place, in the UK or in a Spanish-speaking country (you can choose the place – a village, town or a larger area). Before the assessment, find three or four pictures of the place to illustrate different points (they can be attractive features or problems – you choose). Plan a short presentation of one to two minutes and deliver it to your group, using the pictures as a starting point. You can use a dictionary to prepare. You can just describe the region, or promote it, or talk about its problems, but you must cover at least three aspects. Be ready to answer at least three questions from your listeners afterwards on the subject of the presentation. You will be assessed on your presentation and on your three best answers to the questions that follow.

Advanced Spanish Speaking Grade 11 Task A (adaptable)

Teacher's Notes

"I can give a presentation on a chosen theme and argue my viewpoints with some degree of success."

Instructions

Each member of the class receives a copy of the Learner's Page (two alternative versions are provided) and has ten minutes to choose three discoveries and generate arguments to justify his/her choices. Learners then work in groups of three or four or (if fewer than six in the class) in the whole class, presenting and justifying their ideas in informal discussion. Each group should aim to arrive at a common list of the three most influential inventions. The teacher tells each group who will speak first.

Learners are assessed on the presentation and justification of their ideas in discussion with other group members. The teacher should not take part, but should circulate, observe and assess individual performances. If the class contains fewer than three learners, the teacher may take part in the discussion.

Marking notes

Each learner is assessed individually. The task is assessed on the basis of both communication (up to 5 marks) and language (up to 5 marks). Please do not use half marks.

COMMUNICATION	LANGUAGE
• three suggestions are clearly communicated and appropriately justified in discussion • pronunciation is appropriate to convey meaning • communication is maintained without major hesitations	• there is an attempt to use a range of structures appropriate to the Advanced Stage • a range of vocabulary appropriate to the topic is used • grammatical accuracy is adequate to convey meaning

Pass 7 out of 10 (communication + language)

Adapting the task

This task can be adapted by selecting a different subject list. One example might be "Which people have most changed the world / are most worth admiring?"

The format of the activity should be maintained and the stimulus sheet should include at least 12 suggestions which prompt an immediate reaction and expression of justifiable opinions.

Advanced Spanish Speaking Grade 12 Task A (adaptable)

Teacher's Notes

"I can participate in discussions relating to a variety of situations and topics, taking the initiative where appropriate."

Instructions

Learners work in groups of three to five. Before the activity, the teacher photocopies and cuts up topic slips from the Resource Page, allowing at least three for each group member. These are placed face down on a table. A learner takes a slip and reads it aloud. After fifteen seconds' mental preparation, he/she speaks for one minute, giving a personal reaction to the statement on the slip. The other members of the group (or the teacher) then each ask a question or challenge the opinion offered. This discussion takes a further one to two minutes. Another learner then takes a slip and the process is repeated. Candidates should each have the opportunity to take a slip, speak and answer questions twice; a mark should be recorded for the better of the two performances.
Learners are assessed on both their initial speech and on their response to questions. The teacher should circulate among groups and observe and assess performance. If the class contains fewer than three learners, the teacher may take part in the activity.

Marking notes

Each learner is assessed individually. The task is assessed on the basis of both communication (up to 5 marks) and language (up to 5 marks). Please do not use half marks.

COMMUNICATION	LANGUAGE
• a relevant opinion and some justification for it are clearly communicated for one minute • questions are answered spontaneously and coherently • pronunciation is appropriate to convey meaning • speech is fluent, with little hesitation	• the language of opinion is used appropriately • a range of structures appropriate to the Advanced Stage and topic is used • a range of vocabulary appropriate to the topic is used • accuracy is generally consistent
• if the above is fully achieved: 5 marks • if the above is partially achieved: 3 / 4 marks • if the above is minimally achieved: 1 / 2 marks	• if the above is fully achieved: 5 marks • if the above is partially achieved: 3 / 4 marks • if the above is minimally achieved: 1 / 2 marks

Pass 7 out of 10 (communication + language)

Adapting the task

This task can be adapted by selecting a different list of topics, as long as a similar format for the activity is maintained.

The topics on the slips should be suitable for the expression of an immediate opinion, without the need for research or preparation.

Advanced Spanish Speaking Grade 12 Task B (adaptable)

Teacher's Notes

"I can participate in discussions relating to a variety of situations and topics, taking the initiative where appropriate."

Instructions

This task involves an element of preparation. Each learner receives a copy of the Learner's Page and finds a source article in Spanish from a newspaper, magazine or the Internet dealing with an issue or problem. He/she then prepares a two to two and a half minute presentation about the issue. The topic should be related to a Spanish-speaking country or to its culture. Before the presentations are delivered, a list of the topics should be circulated to the class, and each learner should prepare at least one question on each topic, researching as necessary. Dictionaries may be used throughout the preparation stage. Each learner delivers his/her presentation to a group or to the whole class; up to five minutes should be allowed afterwards for questions from other learners or from the teacher. Learners are assessed on their presentation and on their answers to subsequent questions.

Marking notes

Each learner is assessed individually. The task is assessed on the basis of both communication (up to 5 marks) and language (up to 5 marks). Please do not use half marks.

COMMUNICATION	LANGUAGE

Adapting the task

This task can be adapted by allowing a wider selection of source material (e.g. video/radio/interview material) than a single news article. The basic format of presentation and ensuing questions/discussion should be maintained, but this can be in the form of a formal or informal debate, as long as individual assessment is still feasible.
