Dear Charlotte

I can confirm that the Tech Partnership have been consulted during the development and I have seen that you have taken our views on board in the design of the qualification and the units making up the pathways listed below:

- IT Infrastructure Technician
- Emerging Digital Technology Practitioner
- Application Developer
- Data Analyst

For the following qualifications:

- 601/7099/2 - OCR Level 3 Cambridge Technical Introductory Diploma in IT
- 601/7100/5 - OCR Level 3 Cambridge Technical Foundation Diploma in IT
- 601/7101/7 - OCR Level 3 Cambridge Technical Diploma in IT

We believe that these qualifications cover the required skills, understanding and knowledge expected of an 18 year old entering employment within the sector and believe these qualifications will act as a basis for progression into the workplace.

We also believe that these qualifications would give a student an advantage when applying for related jobs or Apprenticeships in our industry.

Yours sincerely,

John Pritchard
Head of Apprenticeships, Standards and Quality
The Tech Partnership Company
