

NOTICE TO CENTRES

FAO: Exams Officers / ITQ and CLAiT International tutors / Programme Manager / Head of Department

Date: February 2014

Subject: BBC WebWise assessments

REVISED BBC WEBWISE ASSESSMENTS NOW AVAILABLE ON INTERCHANGE

The BBC WebWise e-assessments were removed from their website at the end of 2013. OCR is pleased to advise that we have been granted a licence to offer these e-assessments, with effect from 1 February 2014.

The assessments are based on the resources available on the BBC website, which will continue to be available.

There are three assessments for each of the four units available. These have been uploaded to OCR Interchange <https://interchange.ocr.org.uk> and can be found under 'CLAiT & ITQ' > 'Computer based assessment'.

The assessments can be downloaded and completed on-screen, or completed as a paper-based submission. Currently, OCR does not have the full digital version available, but if the assessments are completed on-screen, the candidate answers for the multiple-choice section update to a summary sheet for easy marking. The assessments must be sat under controlled conditions.

Centres will now be required to send (either electronically or paper-based), **both** the completed script and the **centre-marked** summary sheet as evidence to the moderator. An evidence checklist will **not** be required. Only candidates who have achieved 100% for each unit should be submitted. Candidates for CLAiT International may only submit WebWise assessments ('Using Email' and 'Using the Internet'), as evidence for CLAiT Level 1 Unit 8.
