MARKING INSTRUCTIONS**PREPARATION FOR MARKING****SCORIS**

1. Make sure that you have accessed and completed the relevant training packages for on-screen marking: *scoris assessor Online Training*; *OCR Essential Guide to Marking*.
2. Make sure that you have read and understood the mark scheme and the question paper for this unit. These are posted on the RM Cambridge Assessment Support Portal <http://www.rm.com/support/ca>
3. Log-in to scoris and mark the [insert number] practice responses (“scripts”) and the [insert number] standardisation responses

YOU MUST MARK 10 PRACTICE AND 10 STANDARDISATION RESPONSES BEFORE YOU CAN BE APPROVED TO MARK LIVE SCRIPTS.

MARKING

1. Mark strictly to the mark scheme.
2. Marks awarded must relate directly to the marking criteria.
3. The schedule of dates is very important. It is essential that you meet the scoris 50% and 100% deadlines. If you experience problems, you must contact your Team Leader (Supervisor) without delay.
4. If you are in any doubt about applying the mark scheme, consult your Team Leader by telephone, by email or via the scoris messaging system.
5. Work crossed out:
 - a. where a candidate crosses out an answer and provides an alternative response, the crossed out response is not marked and gains no marks
 - b. if a candidate crosses out an answer to a whole question and makes no second attempt, and if the inclusion of the answer does not cause a rubric infringement, the assessor should attempt to mark the crossed out answer and award marks appropriately.

6. Always check the pages (and additional objects if present) at the end of the response in case any answers have been continued there. If the candidate has continued an answer there then add a tick to confirm that the work has been seen.
7. There is a NR (No Response) option.
8. Award NR (No Response)
- if there is nothing written at all in the answer space
 - OR if there is a comment which does not in any way relate to the question (e.g. 'can't do', 'don't know')
 - OR if there is a mark (e.g. a dash, a question mark) which isn't an attempt at the question
- Note: Award 0 marks - for an attempt that earns no credit (including copying out the question)
9. The scoris **comments box** is used by your team leader to explain the marking of the practice responses. Please refer to these comments when checking your practice responses. **Do not use the comments box for any other reason.** If you have any questions or comments for your team leader, use the phone, the scoris messaging system, or e-mail.
10. Assistant Examiners will send a brief report on the performance of candidates to your Team Leader (Supervisor) by the end of the marking period. The Assistant Examiner's Report Form (AERF) can be found on the RM Cambridge Assessment Support. Your report should contain notes on particular strengths displayed as well as common errors or weaknesses. Constructive criticism of the question paper/mark scheme is also appreciated.
11. For answers marked by levels of response:
- a. **To determine the level** – start at the highest level and work down until you reach the level that matches the answer
 - b. **To determine the mark within the level**, consider the following:

Descriptor	Award mark
On the borderline of this level and the one below	At bottom of level
Just enough achievement on balance for this level	Above bottom and either below middle or at middle of level (depending on number of marks available)
Meets the criteria but with some slight inconsistency	Above middle and either below top of level or at middle of level (depending on number of marks available)
Consistently meets the criteria for this level	At top of level

Subject-specific marking instructions

Candidates answer **one** question from Section A and **two** questions from Section B. Assessment objectives AO1, AO2 and AO3 are assessed in Section A. Assessment objectives AO1, AO2 and AO5 are assessed in Section B. For each section the level descriptors are organised with the dominant assessment objective first. The question-specific guidance on the tasks provide an indication of what candidates are likely to cover in terms of AOs 1, 2, 3 and 5. The guidance and indicative content are neither prescriptive nor exhaustive: candidates should be rewarded for any relevant response which appropriately addresses the Assessment Objectives.

INTRODUCTION

Your first task as an Examiner is to become thoroughly familiar with the material on which the examination depends. This material includes:

- the specification, especially the assessment objectives
- the question paper and its rubrics
- the texts which candidates have studied
- the mark scheme.

You should ensure that you have copies of these materials.

You should ensure also that you are familiar with the administrative procedures related to the marking process. These are set out in the OCR booklet **Instructions for Examiners**.

Please ask for help or guidance whenever you need it. Your first point of contact is your Team Leader.

Awarding Marks

- (i) Each section is worth 32 marks.
- (ii) Section A has one question worth 32 marks. Section B has two questions which added together are worth a maximum of 32 marks.
- (iii) In Section B question 3 is worth 18 marks and question 4 is worth 14 marks. Mark each question and then add the marks together for a total mark out of 32.

For each answer, award a single overall mark out of 32, following this procedure:

- refer to the question-specific Guidance for Higher and Lower response and indicative content
- using 'best fit', make a holistic judgement to locate the answer in the appropriate level descriptor
- place the answer precisely within the level and determine the appropriate mark out of 32 considering the relevant AOs
- bear in mind the weighting of the AOs, and place the answer within the level and award the appropriate mark out of 32
- if a candidate does not address one of the assessment objectives targeted they cannot achieve all of the marks in the given level.

Mark positively. Use the lowest mark in the level only if the answer is borderline /doubtful.

Use the full range of marks, particularly at the top and bottom ends of the mark range.

When the complete script has been marked:

- if necessary, follow the instructions concerning rubric infringements;
- add together the two marks out of 32, to arrive at the total mark for the script out of 64.

Rubric Infringement

Candidates might infringe the rubric in one of the following ways:

- only answering one question
- answering two questions from Section A or one from Section B
- answering more than two questions.

If a candidate has written three or more answers, mark all answers and award the highest mark achieved in each Section of the paper. These are the **Assessment Objectives** for the English Language and Literature specification as a whole.

AO1	Apply concepts and methods from integrated linguistic and literary study as appropriate, using associated terminology and coherent written expression.
AO2	Analyse ways in which meanings are shaped in texts.
AO3	Demonstrate understanding of the significance and influence of contexts in which texts are produced and received.
AO4	Explore connections across texts informed by linguistic and literary concepts and methods.
AO5	Demonstrate expertise and creativity in the use of English to communicate in different ways.

WEIGHTING OF ASSESSMENT OBJECTIVES

The relationship between the units and the assessment objectives of the scheme of assessment is shown in the following table:

Component	% of A Level					
	AO1	AO2	AO3	AO4	AO5	Total
Exploring non-fiction and spoken texts (01)	4%	3%	4%	5%	0%	16%
The language of poetry and plays (02)	9%	12%	8.5%	2.5%	0%	32%
Reading as a writer, writing as a reader (03)	9%	11%	5%	0%	7%	32%
Independent study: analysing and producing texts (04)	3%	4%	2.5%	4.5%	6%	20%
Total:	25%	30%	20%	12%	13%	100%

USING THE MARK SCHEME

Study this Mark Scheme carefully. The Mark Scheme is an integral part of the process that begins with the setting of the question paper and ends with the awarding of grades. Question Papers and Mark Schemes are developed in association with each other so that issues of differentiation and positive achievement can be addressed from the very start.

This Mark Scheme is a working document; it is not exhaustive; it does not provide 'correct' answers. The Mark Scheme can only provide 'best guesses' about how the question will work out, and it is subject to revision after we have looked at a wide range of scripts.

The Examiners' Standardisation Meeting will ensure that the Mark Scheme covers the range of candidates' responses to the questions, and that all Examiners understand and apply the Mark Scheme in the same way. The Mark Scheme will be discussed and amended at the meeting, and administrative procedures will be confirmed. Co-ordination scripts will be issued at the meeting to exemplify aspects of candidates' responses and achievements; the co-ordination scripts then become part of this Mark Scheme. Before the Standardisation Meeting, you should read and mark in pencil a number of scripts, in order to gain an impression of the range of responses and achievement that may be expected. In your marking, you will encounter valid responses which are not covered by the Mark Scheme: these responses must be credited. You will encounter answers which fall outside the 'target range' of Bands for the paper which you are marking. Please mark these answers according to the marking criteria.

Please read carefully all the scripts in your allocation and make every effort to look positively for achievement throughout the ability range. Always be prepared to use the full range of marks.

The weightings for the assessment objectives are:

AO2 6%

AO1 5%

AO3 5%

Total 16%

In Section A the dominant assessment objective is AO2 Analyse ways in which meanings are shaped in texts.

Answers will also be assessed for AO1 and AO3.

Answers should explore how meanings are shaped by analysing the author's use of narrative techniques (AO2). They should develop a coherent argument, using relevant concepts and methods from linguistic and literary study and associated terminology (AO1). Answers should be developed with reference to literary and generic contexts (AO3). The criteria below are organised to reflect the order of the dominant assessment objectives.

A response that does not address any one of the three assessment objectives targeted cannot achieve all of the marks in the given level.
