

BEING ENTREPRENEURIAL

Being Entrepreneurial

In order to assist you with the delivery Being Entrepreneurial we have provided a fully comprehensive support package, giving everything you need to deliver the qualification. This support is free and available to all centres. (Clicking on any OCR resource on this page will either download the resource or open a web page.)

This includes:

Progress Tracker – this is an admin tool for tracking your learners' progress through the qualification.

Delivery Guides – lesson ideas with associated activities that you can use with your learners. There is one delivery guide for the Level 2 and Level 3 Being Entrepreneurial units, and one for the Level 2 Pitching ideas to others unit. Each delivery guide is structured by learning outcome and provides you with enough material to teach the content of the specification. Each delivery guide specifies where an associated Lesson Element could be used.

Lesson Elements – offer you creative ways to engage your learners. Providing teaching activities each lesson element will help your learners to understand various concepts or build on their existing knowledge. Lesson Elements are in two parts: Teacher instructions/answers and Learner Task sheet.

Skills Guides - Skills guides are not specific to a particular qualification, but cover topics that could support a range of qualifications, for example Communication, Legislation or Research Skills.

Resource Links - provides you with e-links to a range of teaching and learning websites and materials, including videos, data sets and other online content to support you with the delivery of the qualification.

Teacher training - We are working with Youth Enterprise CIC, the deliverers of The Ryman National Enterprise Challenge to bring you an innovative and refreshing free teacher training INSET for the OCR Being Entrepreneurial qualifications. Aimed at all teachers wishing to or offering the qualifications the day provides an insight into how they can be delivered. Information on the day will be disseminated through both theory and practical sessions covering the following:

- Units, Learning Outcomes and Assessment Criteria.
- Delivery ideas and activities.
- Information on resources and support.

In order to assist you with how the content of these may support your delivery we have mapped them against the learning outcomes and assessment criteria of the qualification.

Please note that each individual learner **must provide evidence against all the assessment criteria for the unit.**
