# Hodder Functional Skills Solution

Developed by Maureen Emmett

**Guide your Functional Skills learners – whether apprentices, work-based learners or independent learners in college – from initial assessment to exam success with this comprehensive service.**

- Generates individual learning plans via a trustworthy diagnostic tool developed especially for Functional Skills
- Structures learning and tracks learners' progress through computer-marked assessments
- Ensures your learners have mastered skills and underpinning knowledge via online tutorials, making this the perfect solution for delivering Functional Skills to work-based and other independent learners
- Includes Tutor Support materials written especially for non-specialist maths and English teachers, which will help you deliver each topic and ensure your learners learn effectively
- Provides your students with model answers to real functional skills exam questions, to help them understand the examiners' mark schemes
- Helps your students prepare for the exams with numerous real past papers from key Awarding Organisations such as OCR, for unlimited practice in the right environment
