

9th September 2015

Charlotte Bosworth
Director
OCR (Oxford Cambridge and RSA Examinations),
Skills and Employment,
Westwood Way,
Coventry,
CV4 8JQ.

Dear Charlotte

As an employer which employs staff in occupations including software development and application support within the IT sector we have reviewed the units for the following pathways:

- IT Infrastructure Technician
- Emerging Digital Technology Practitioner
- Application Developer

For the following qualifications:

- 601/7099/2 - OCR Level 3 Cambridge Technical Introductory Diploma in IT
- 601/7100/5 - OCR Level 3 Cambridge Technical Foundation Diploma in IT
- 601/7101/7 - OCR Level 3 Cambridge Technical Diploma in IT

We believe that these qualifications will allow a student to develop the skills and knowledge they will need to progress into employment within this sector. Furthermore, we believe that these qualifications will give a student an advantage when applying for related jobs or Apprenticeships within our industry.

As a result of the above, we whole heartedly support the deployment of these new Cambridge Technical qualifications into the market.

Yours sincerely,

Matt Wingfield
Chief Business Development Officer
Digital Assess Software Limited
