Dear Charlotte Bosworth

CompTIA is the voice of the world's information technology (IT) industry. As a non-profit trade association, we advance the global interests of IT professionals and IT channel organisations and enable them to be more successful with industry-leading IT certifications and IT business credentials, IT education, resources and the ability to connect with like-minded, leading IT industry experts. We have an active, vibrant membership community here in the UK and work across multiple initiatives to support the skills development of the IT workforce.

We support the submission of this qualification, as OCR continue to signpost to industry recognised certification within their qualifications to support the needs of learners seeking employment in the IT sector. I can confirm that you have consulted with CompTIA during the development of the qualification and the units making up the pathway listed below:

- IT Infrastructure Technician

For the following qualifications:

- 601/7099/2 - OCR Level 3 Cambridge Technical Introductory Diploma in IT
- 601/7100/5 - OCR Level 3 Cambridge Technical Foundation Diploma in IT
- 601/7101/7 - OCR Level 3 Cambridge Technical Diploma in IT

We believe the skills and knowledge the students will develop when taking these qualifications will act as a basis for progression into the workplace in this sector and would stand them in good stead when applying for relevant jobs.

We confirm that we consent to our company name (and logo) being made publicly available on the DfE and OCR websites.

Yours sincerely

Graham Hunter
Vice President, Europe & Middle East
