

Below is a selection of the resources we provide for the Cambridge Technicals 2016 suite

Qualifications Calculator

An Excel based tool to help the tutor ensure that their learners achieve the required number of credits for their chosen qualification and meet the mandatory requirements. Tutors also have the option to generate a personal print-out for learner portfolios or other records.

Progress Tracker

An Excel based tracking document to help the tutor monitor their learners' progress throughout the qualification both individually and as a cohort.

Delivery Guide

Each unit guide contains a range of lesson ideas with associated activities that tutors can use with their learners. The guide is structured by learning outcome so the tutor can see how each activity helps them cover the qualification.

Mapping Guide

This document lists the 2012 Cambridge Technicals Units and Learning Outcomes (LO) and maps them to the new 2016 Cambridge Technicals Units and LOs so that you can see where each LO has remained, changed, moved or been removed.

Resource Links

An e-resource that provides tutors with links to a range of teaching and learning websites and materials, videos and other online content to support delivery of the qualification.

Skills Guide

Skills guides are not specific to a particular qualification, but cover topics that could support a range of qualifications, for example Communication, Exam Techniques or Problem Solving. A full list of the skills guides can be found here: <http://www.ocr.org.uk/i-want-to/skills-guides/>

Project Approach to Delivery

The Pathway Project Approach to Delivery shows how by setting learners a project, they could achieve a number of Pathway units.

Lesson Elements

Task sheets with accompanying tutor instructions. Each offers the tutor a creative way of encouraging their learners to engage with the topic, with individual and group exercises, research activities and the opportunity to develop English and maths skills.

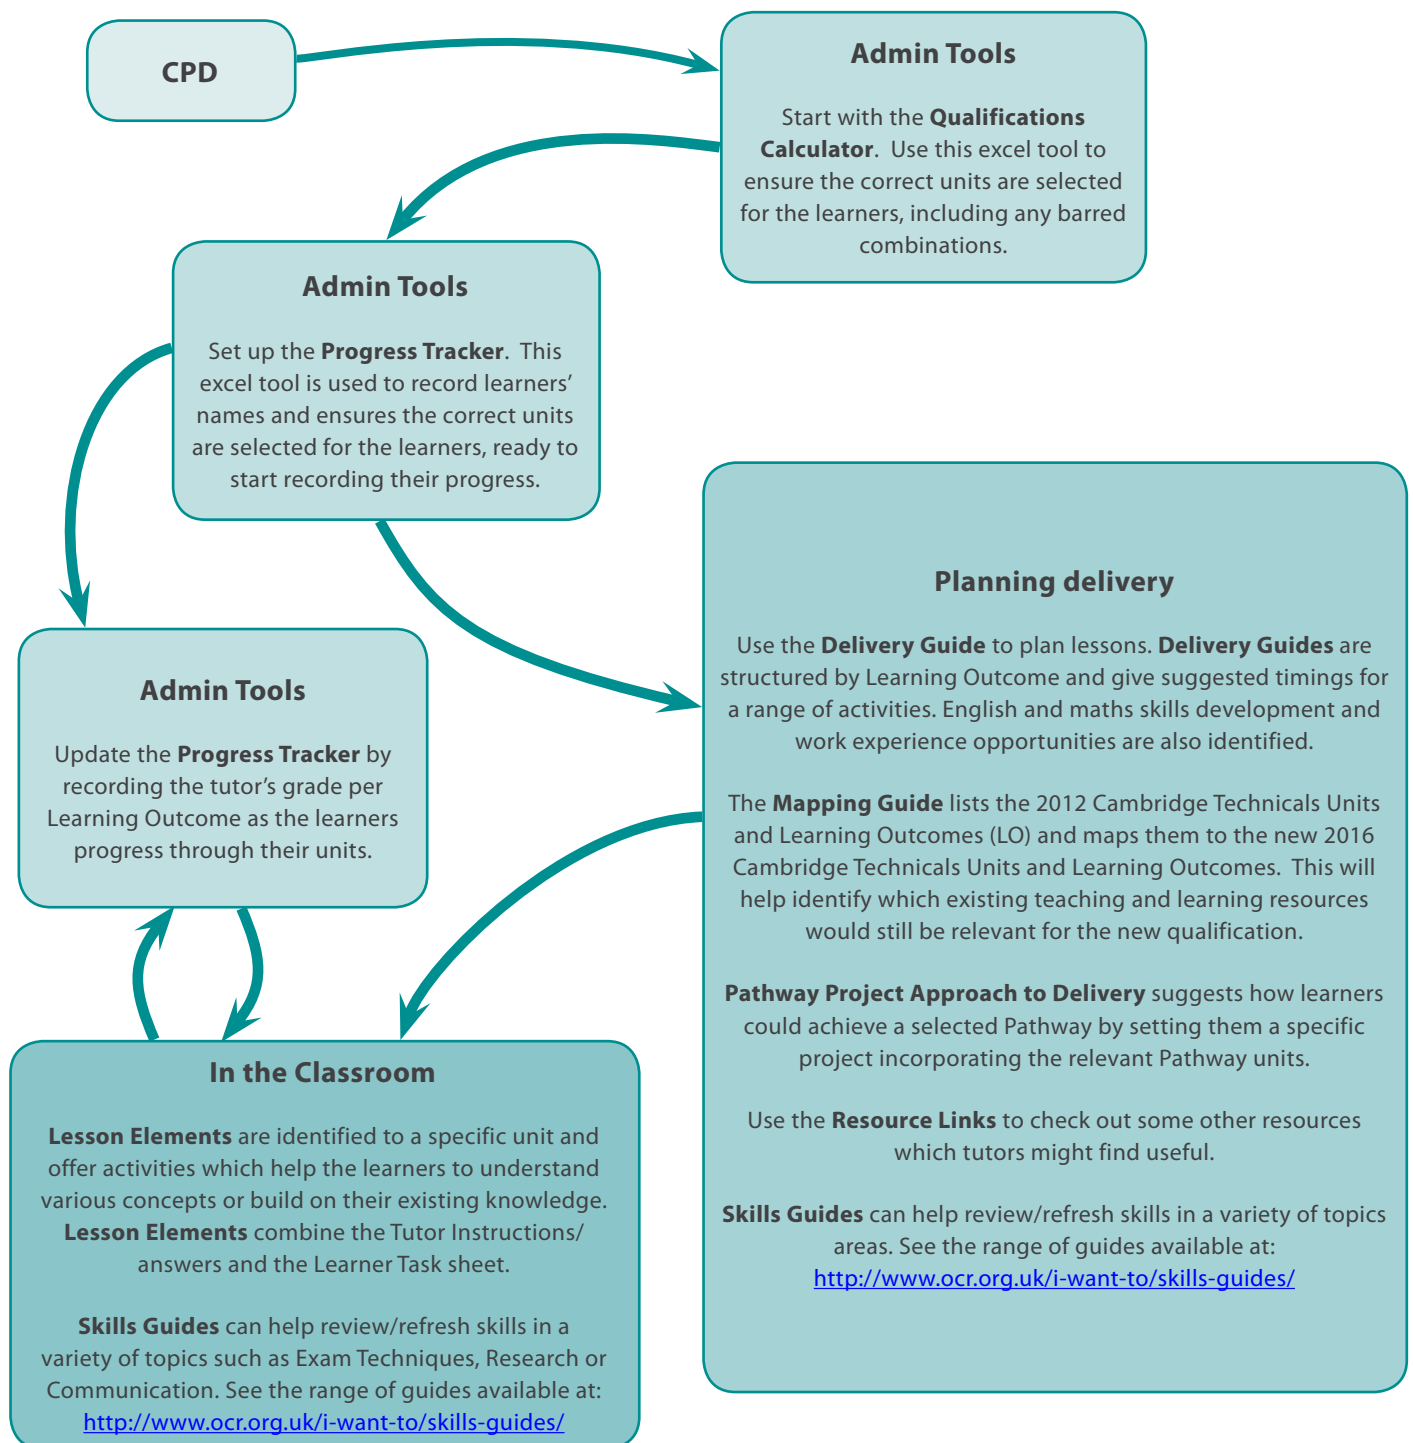

Command Verbs

Command Verbs gives an explanation of the most frequently used command verbs in Cambridge Technicals.

A quick guide to explain when and how the resources for Cambridge Technicals resources could be used

<p>CPD Advise and guidance about the Qualifications including:</p> <ul style="list-style-type: none"> • subject expert visits • live online training events • face to face events 	<p>Admin Tools</p> <ul style="list-style-type: none"> • Qualifications Calculator • Progress Tracker 	<p>Planning delivery</p> <ul style="list-style-type: none"> • Delivery Guide • Mapping Guide(s) • Project Approach to Delivery • Resource Links • Skills Guides 	<p>In the Classroom</p> <ul style="list-style-type: none"> • Lesson Element • Skills Guides
