Dear Charlotte,

**OCR Level 2 Cambridge Technicals in Engineering:**

- 603/0422/4 OCR Level 2 Cambridge Technicals Certificate in Engineering 180GLH
- 603/0423/6 OCR Level 2 Cambridge Technicals Diploma in Engineering in Design Engineering 360GLH
- 603/0423/6 OCR Level 2 Cambridge Technicals Diploma in Engineering in Production 360GLH
- 603/0423/6 OCR Level 2 Cambridge Technicals Diploma in Engineering in Systems Engineering 360GLH

Siemens provide innovative solutions to help tackle the UK's major challenges. We work across power and gas, wind power and renewables, power generations services, energy management, building technologies, mobility, digital factory, process industries, financial services and health care sectors.

Siemens take apprentices in a wide range of engineering disciplines including design, production and manufacturing and repair. We have a long standing relationship with OCR and have co-developed a wide range of resources including innovative projects that help learners to develop skills and knowledge in an exciting and applied environment.

We have reviewed the content of the Level 2 Cambridge Technicals in Engineering and have recommended some amends to the content which have been incorporated into the qualifications. We are now satisfied that the overall content will equip learners with the necessary skills and knowledge needed when applying for an engineering apprenticeship.

We confirm that a student completing these qualifications would develop specialist knowledge and skills at a level expected for a 16 year old starting work in this industry/sector at level 2.

The skills and knowledge the students will develop when taking these qualifications will act as a basis for progression into the workplace in this sector.

We are happy to support OCRs' submission for this qualification which will prepare young people for work

Yours sincerely,

**Brenda Yearsley**  
School and Education Development Manager

**About Siemens in the UK:** Siemens has offices and factories throughout the UK, with its headquarters in Frimley, Surrey. The company's global headquarters is in Munich, Germany. For more information, visit [www.siemens.co.uk](http://www.siemens.co.uk)\*
