Dear Charlotte

As an employer of a Nursery School which employs staff in occupations within the Health and Social Care sector and the education sector, we employ a workforce of 20 staff, providing Health, Social, Education and Care services to Children.

I have reviewed the units for the following qualification/s / I've reviewed the units in the Childcare pathway for the qualifications detailed below:

05880 – OCR Level 2 Cambridge Technical Certificate in Health and Social Care – 603/0386/4
05881 – OCR Level 2 Cambridge Technical Diploma in Health and Social Care – 603/0388/8

I believe the skills and knowledge the students will develop while completing the above courses will help them gain employment in the Health and Social Care sector and will act as a basis for further qualifications and experience.

In addition

- I confirm that a student completing these qualifications would develop specialist knowledge and skills at a level expected for an 17 year old starting work in Health and Social Care: As such this would stand them in good stead when applying for jobs such as an Early Years Educator (level 1 or 2) or for Additional Needs Support Assistant at our Nursery School.

Yours sincerely,

Cathy
