

Charlotte Bosworth
Director
OCR (Oxford Cambridge and RSA Examinations)
Skills and Employment
Westwood Way
Coventry
CV4 8JQ

30th August 2016

Dear Ms Bosworth

Fujitsu is the leading Japanese information and communication technology (ICT) company offering a full range of technology products, solutions and services. Approximately 162,000 Fujitsu people support customers in more than 100 countries. We use our experience and the power of ICT to shape the future of society with our customers.

I can confirm that you have consulted with me during the development of this qualification and that you have taken my views on board in the design of the qualification and the units making up the pathways listed below:

603/0371/2 OCR Level 2 Cambridge Technical Certificate in IT

- Digital Administrator Pathway

603/0373/6 OCR Level 2 Cambridge Technical Diploma in IT

- IT Technical Practitioner Pathway
- Digital Software Practitioner Pathway
- Digital Business Practitioner Pathway

We believe that these qualifications cover the required skills, understanding and knowledge I expect of a 17/18 year old entering employment with us or entering the workplace in this sector and that the skills and knowledge the students will develop when taking these qualifications will act as a basis for progression into employment in this sector.

We believe that these qualifications would give a student an advantage when applying for related jobs or Apprenticeships in the IT industry.

We confirm that a student completing these qualifications would develop specialist knowledge and skills at a level expected for a 17/18 year old starting work in the IT industry and would stand them in good stead when applying for relevant jobs in each pathway.

Yours sincerely,

Name Ash Merchant
Job title Education Director
Organisation Fujitsu , UK&I Product Business
