Dear Charlotte,

- **603/0322/0 OCR Level 3 Cambridge Technical Extended Diploma in Engineering 1080GLH in Mechanical, Electrical and Electronic Systems Design and Engineering**
- **603/0322/0 OCR Level 3 Cambridge Technical Extended Diploma in Engineering 1080GLH in Engineering Automation Control and Manufacturing Processes**

Jaguar Land Rover is the UK's largest automotive manufacturing business, built around two iconic British car brands: Land Rover, the world's leading manufacturer of premium all-wheel drive vehicles and Jaguar, one of the world's premier luxury sports saloon and sports car marques.

Having read the materials you have sent me I can see that the content of both pathways provide learners with deep knowledge of the subject and prepare them for their professional career.

We believe a student who achieves one of the following qualifications should be educationally prepared for related jobs, apprenticeships, training or higher education courses: OCR level 3 Cambridge Technical Extended Diploma in Engineering - Mechanical, Electrical and Electronic Systems Design and Engineering pathway and Engineering Automation Control and Manufacturing Processes pathway.

We are happy to support OCRs' submission for this qualification which will prepare young people for work

Yours

Les Ratcliffe
Head of Community Relations
