Dear Charlotte

As an employer which employs staff in occupations within the Health and Social Care sector we employ a workforce of 4,000+ providing Health and Social Care services to Adults and Childrens.

We have reviewed the units for the following qualification/s / I've reviewed the units in the Childcare pathway for the qualifications detailed below:

05880 – OCR Level 2 Cambridge Technical Certificate in Health and Social Care – 603/0386/4

05881 – OCR Level 2 Cambridge Technical Diploma in Health and Social Care – 603/0388/8

We believe the skills and knowledge the students will develop when taking these qualifications will provide a platform for progression into within Health and Social Care.

In addition

- We believe that these qualification/s will provide learners with the knowlegde and understanding and would give them an advantage when applying for related jobs or Apprenticeships within the Health and Social Care sector.
- We confirm that a learner completing these qualifications would develop specialist knowledge and skills at a level expected for their age starting work in the Health and Social Care: As such this would stand them in goodsted when applying for roles within CareTech and the wider sector, such as Care/Support Workers, Day Centre Assistant, Assistant Activities Co-ordinator.

Yours sincerely,

Nigel Taylor  
Group Head of Learning and Development
