Dear Charlotte

OCR Level 3 Cambridge Technicals in Laboratory Skills

Thank you for asking me to review your new Cambridge Technicals in Laboratory Skills with a view to confirming if these would be suitable for consideration in our admissions process to our degree programmes. The qualifications I have reviewed are:

- OCR Level 3 Cambridge Technical Certificate in Laboratory Skills (603/0394/3)
- OCR Level 3 Cambridge Technical Extended Certificate in Laboratory Skills (601/7458/4)
- OCR Level 3 Cambridge Technical Foundation Diploma in Laboratory Skills (601/7460/2)
- OCR Level 3 Cambridge Technical Diploma in Laboratory Skills (601/7461/4)
- OCR Level 3 Cambridge Technical Level 3 Extended Diploma in Laboratory Skills (603/0695/6)

I agree that these provide the basis for progression on to a range of courses at University of the West of England (UWE Bristol), particularly where they are able to be taken within a programme of study which develops other skills and knowledge at the same level. In some cases, we might require a specific subject be studied alongside to A-level or equivalent standard.

The inclusion of external assessment should ensure that these qualifications are robust and I believe that anyone who takes these qualifications would have had a good preparation for the courses that we offer in Biological Sciences and Biomedical Science.

Yours sincerely,

A handwritten signature in blue ink that reads 'K Fey'.
