Other team members can then offer advice based on their experience (L2). This means that the employee is more likely to complete tasks accurately rather than trying to work it out for themselves, which in turn should provide a better service to guests and other stakeholders (L3).</p> <p>One disadvantage of encouraging teamwork is that the more employees get to know each other and work closely together, the more likely they are to spend time talking about non-work related topics (L2). Hard copies have to be filed physically so this will take up more space in the office. For electronic documents an appropriate computer device is needed, which is not the case for hard copies (1). Using electronic documents therefore means that large amounts of documents can be stored easily without causing a health and safety issue in the office (1).</p>		<p>disadvantage.</p> <p>Award an additional one mark for analysis of the advantage and one mark for analysis of the disadvantage.</p>

	(c)	<p>Responses include:</p> <ul style="list-style-type: none"> • all attendees can find the room • all attendees can find the venue • as the attendees are external to the business it should have a positive impact on the business' reputation • attendees have refreshments available and are therefore more likely to be motivated • documents are available for a prompt start • ensure the safety and comfort of attendees by providing clear instructions <p>Exemplar response: A benefit of Claire arranging for drinks to be available when attendees first arrive is that after a long journey attendees are more likely to be refreshed and therefore in a better frame of mind for the meeting (1). They are therefore more likely to digest what is being said and the aim of the meeting is more likely to be achieved (1).</p>	2	<p>One mark for a correct identification, plus a further one mark for a valid explanation.</p> <p>The benefit identified must relate to administrative support that <u>the hotel</u> would have provided for Brandon Drinks.</p>
