Question Six

“Finally, I am going to give you a workplace scenario”.

(The presenter gives the learner a printed copy of the workplace scenario and also reads the scenario out).

Harry, aged 17, has just started work in an engineering workshop. The pay roll manager has told him that he will be paid £3.00 per hour and have one week’s holiday per year. Harry has read a booklet about pay and holiday entitlement and is worried that these conditions are not conforming to national standards.

“Now I am going to ask you a question about the workplace scenario”.

“What would you in these circumstances advise Harry about his rights as an employee”?
