**PLEASE READ THE FOLLOWING INFORMATION IN CONJUNCTION WITH THE SPECIFICATION FOR DUTCH, GUJARATI, PERSIAN, PORTUGUESE AND TURKISH AND ANY COMMENTS IN THE EXAMINER'S CENTRE REPORT FOR LAST YEAR'S SPEAKING TESTS.**

### **Security of the Teacher Instructions and Confidential Material**

**Please note that you must examine your candidates in accordance with the Random Order Sheet on page 2 of this booklet.**

The Teacher Instructions and confidential material booklet is confidential until the end of the period specified on the OCR timetable. It must be securely locked away in the usual place for the storage of confidential examination materials in the Centre when not being used by the teacher for preparation or testing. At the end of each Speaking Test session all items must be accounted for. Materials must not be removed from the Centre.

### **Quiet Conditions**

These are essential. The examination room should be free from any noise or disturbance from outside the building (e.g. lawnmowers). It should not be close to corridors used by large numbers of students between lessons, but if movement within the building is unavoidable, steps should be taken to keep that noise to a minimum. Notices must be displayed to prevent interruptions from people entering the room unaware that the Speaking Test is in progress.

### **Separate Preparation Room**

This is essential. It should be near the examination room and should not be part of a corridor. Other students should not have access to the area and it should be equipped with a table where candidates can prepare their tasks.

### **Invigilation**

OCR recommends that an invigilator supervises the candidates while they are preparing for the test.

There should be no immediate contact between candidates preparing and those who have finished the Speaking Test.

### **Preparation Time**

At the start of the preparation time, the student gives a copy of the Speaking Tests Notes Form to the teacher. This form must be retained in the Centre until 1 November following the test.

Students have 10 minutes to prepare before the test begins and may use a bilingual dictionary to help their preparation. This is an opportunity for students to do a final review of the topic they have prepared for Part 1 Presentation and Discussion.

### **Support Materials**

The candidate is allowed:

- to review or make written notes during the preparation time (up to a maximum of 40 words, set out as 5 bullet points, each with 8 words maximum) – and write these on the OCR Speaking Test Notes Form
- to use a bilingual (i.e. English/target language) dictionary during the preparation time.

## Conduct of the Speaking Test

The Speaking Test is a single tier exam and consists of two parts (see Elements of the Speaking Test on page 6).

The Speaking Test will last up to 10 minutes. Teachers should be aware that only 10 minutes of recording will be assessed.

The first candidate should be given a maximum of 10 minutes to prepare and then each subsequent candidate should be given the same amount of time to prepare while the previous candidate is being examined.

For the Presentation, teachers are reminded that students must be allowed the opportunity to present their chosen topic for 1 minute and should not be interrupted with questions.

The discussion of the presentation topic and the general conversation should be led by the teacher asking appropriate open-ended questions which allow the student to show what they can do. These questions should encourage the student to use a variety of sentence structures, vocabulary and tenses in order to access the full range of marks available for quality and range of language. The student should be able to express opinions, both their own and those of other people and justify their ideas and points of view.

See Appendix A for possible questions.

## Recording the Speaking Tests

The Centre **must** record all candidates and send all the recordings and the completed mark sheets to the external OCR Examiner.

The recording of each task should be continuous and must not be edited in any way. At the beginning of each recorded file, the teacher or supervisor should give the following information:

- Date of the recording
- Centre number
- Candidate number and name
- Unit number and component number.

Both the candidate and the teacher should be audible. Where a microphone is used it should be placed facing the candidate, approximately 60cm from his/her face.

Teachers are asked to check that each test has been recorded properly by reviewing the last few seconds of the recording.

Each CD or DVD should be labelled with the Centre number and unit number. Appropriate marker pens should be used to label CDs and DVDs. The use of biro, for example, may make the contents of the disk unreadable. Centres should also complete each CD/DVD insert.

For more technical information, consult the OCR website and the document *Digital Audio Technology: Guidance to Centres and Assessment Personnel*.

## Completion of Mark Sheets

The teacher must complete an individual mark sheet for **each** candidate with:

- Candidate name and number
- Centre number
- Name of teacher
- Date of test
- Title of topic for General Conversation

## Submission of Speaking Tests

When the tests are complete, you must send the following to the OCR Examiner:

- All attendance registers
- All individual mark sheets
- The clearly labelled recordings of all candidates' tests

All tests must be transferred onto CD(s) for submission to the examiner. Please ensure that you have fully completed the copying process. It is advisable to play the CD(s) on a different machine before submission.

It is essential that recordings are packed securely to ensure safe delivery when sent through the post.

The Examinations Officer at your Centre will receive the name and address of the OCR Examiner. If you have carried out the Speaking Tests before this arrives, please keep the recordings secure in the confidential examination materials' storage area in the Centre.

**All materials must be received by the OCR Assessor no later than 15th May.**

## Absent Candidates

If any candidate is absent on the day(s) set aside by the Centre for the Speaking Tests, they may be tested at another time **within the specified period**. The following items must be despatched immediately after the Speaking Test:

- The candidate's recording
- The candidate's individual mark sheet.

If a candidate remains ill beyond the specified period, they must be tested later and the recording of the test must be sent with the documents listed above to OCR along with a request for special consideration.

## Elements of the Speaking Test

It is essential that candidates complete all parts of the Speaking Test as set out below.

**Note:** Candidates cannot be compensated for any part that is omitted.

### Part 1: Topic Presentation (1 minute) and Discussion (4 minutes)

Maximum time for Part 1: 5 minutes

Candidates are expected to introduce their topic **for no longer than 1 minute** and the teacher develops the discussion using differentiated questions according to the candidate's ability.

### Part 2: General Conversation

Maximum time for Part 2: 5 minutes

The teacher offers the candidate a choice of 3 topics from the list printed on the Random Order Sheet.

Candidates choose to discuss 1 topic.

The teacher must ask open-ended questions that require the candidate to express opinions and justify individual ideas and points of view.

### Assessment Criteria

Part 1	Topic Presentation and Discussion	Content and communication	10 marks
		Quality and range	10 marks
		Pronunciation and intonation	5 marks
Part 2	General Conversation	Content and communication	10 marks
		Quality and range	10 marks
		Pronunciation and intonation	5 marks

**Total 50 marks**

## Appendix A: Ideas and Suggestions for Topic-Based Questions

These topic based questions may be helpful in discussing the student's Presentation and for the General Conversation section of the Speaking Test.

### Advice for using the topic-based questions:

- The suggestions are areas to be explored in the course of a natural conversation between the teacher and the student.
- **The conversation must not be a recitation of these lists of questions.**
- Each set of questions contains ideas for topic-based conversations.
- The questions are not in any mandatory sequence.
- The questions must be re-phrased or changed as appropriate for each student.
- These lists do not preclude other appropriate questions, which the teacher may choose to introduce on a particular topic.

Candidates must be offered opportunities to express a variety of opinions, tenses and justifications in their responses, because higher marks can only be awarded for the inclusion of such features. The suggestions start with very "open" questions, which should encourage students to expand on their responses. The more specific questions (in italics) are suitable as lead-in questions to the more "open" questions for less confident students. For instance, a topic could be introduced with two or three "closed" questions, which require a short response, leading to more "open" questioning which allows students to show initiative and fully develop the topic.
