For teaching the English church at this time, the following URLs might provide useful material for illustration &/or discussion:

<http://gallery.euroweb.hu/html/d/durer/2/11/7/01mass.html> [drawing of high mass by Durer, 1523. An elaborate service concelebrated by at least five bishops is depicted here, but nonetheless it conveys clearly something of the high ceremonial nature of the later medieval sacrament of the altar]

The 15th century painted saints were covered with whitewash & then the panels were over-painted with biblical texts in English from the 'Great Bible' of 1539. Although the Benedictine priory was dissolved in 1539, the nave of the church survived because it continued in use as the parish church.
