

Unit Title:	Engage learners in the learning and development process
OCR unit number	12
Level:	3
Credit value:	6
Guided learning hours:	30
Unit accreditation no:	F/502/9551

Unit purpose and aim

The aim of this unit is to assess a learning and development practitioner's competence in assisting learners to become engaged and involved in their own learning and development process. It includes knowledge and understanding of the role of mentoring, but does not include the development of specific mentoring skills. Although it implies assistance and support for the learner, the unit is not about learning support. This also includes working with the learner to review their progress. 'Practitioner' means anyone with a learning and development responsibility as part of their role.
