Assessment

The aim of this unit is to assess the candidate's performance in assuring the quality of assessment from within an organisation or assessment centre.

All learning outcomes in this unit must be assessed using methods appropriate to the candidate IQA's performance. These must include:

- observation of performance
- examining products of work
- questioning.

Direct evidence of this kind may be supplemented, where necessary, by professional discussion, reflective accounts or witness testimony.

Simulations are not allowed.

There must be valid, authentic and sufficient evidence for all the assessment criteria. Holistic assessment is encouraged and one piece of evidence may be used to meet the requirements of more than one assessment criterion.

Evidence requirements

Evidence must come from the Internal Quality Assurance (IQA) candidate's performance in the work environment. There must be evidence of the IQA candidate monitoring a minimum of two assessors, each with a minimum of two candidates of their own, through components of a qualification.

National Occupational Standards (NOS) mapping/signposting

LLUK Standard 11 Internally monitor and maintain the quality of assessment

NOS can viewed on the relevant Sector Skills Council's website or the Occupational standards directory at www.ukstandards.co.uk.
