SPECIMEN

Security of the Test Material

Please note that you must examine your candidates in accordance with the Random Order Sheet.

The test material is confidential until the end of the period specified on the OCR timetable. It must be securely locked away when not being used by the teacher for preparation or testing. At the end of each Speaking Test session all items must be accounted for.

Quiet Conditions

These are essential. The examination room should be free from any noise or disturbance from outside the building (e.g. lawn-mowers). It should not be close to corridors used by large numbers of students between lessons, but if movement within the building is unavoidable, steps should be taken to keep that noise to a minimum. Notices must be displayed to prevent interruptions from people entering the room unaware that the Speaking Test is in progress.

Separate Preparation Room

This is essential. It should be near the examination room and should not be part of a corridor. Other students should not have access to the area and it should be equipped with a table where candidates can prepare their tasks.

Preparation time

This must be 10 minutes per candidate.

Support materials

The candidate is allowed

- to make written notes during the preparation time (up to a maximum of 40 words, set out as 5 bullet points (each with 8 words maximum) – and write these on the OCR Speaking Test Notes Form
- to use a bilingual (i.e. English/target language) dictionary during the preparation time

There should be no immediate contact between candidates preparing and those who have finished the Speaking Test.

Invigilation

OCR recommends that an invigilator supervises the candidates while they are preparing for the test.

Conduct of the Speaking Test

The Speaking Test is a single tier exam and consists of two speaking tasks.

The Speaking Test will last 10 minutes.

The first candidate should be given a maximum of 10 minutes to prepare and then each subsequent candidate should be given the same amount of time to prepare while the previous candidate is being examined.

Recording the Speaking Tests

The Centre **must** record all candidates and send all the recordings and the completed mark sheets to either the OCR repository (if sent electronically) or the external OCR Examiner.

The recording of each task should be continuous and must not be edited in any way. At the beginning of each recorded file, the teacher or supervisor should give the following information:

Date of the recording
 Centre number
 Candidate number and name
 Unit number and component number

Both the candidate and the teacher should be audible.

Teachers are asked to check that each test has been recorded properly by reviewing the last few seconds of the recording.

Each CD or DVD should be labelled with the Centre number and unit number. To label CDs and DVDs appropriate marker pens should be used. The use of biro, for example, may make the contents of the disk unreadable. Centres should also complete each CD/DVD insert.

For more technical information, consult the OCR website and the document *Digital Audio Technology: Guidance to Centres and Assessment Personnel*.

Completion of Mark Sheets

The teacher / examiner must complete an individual mark sheet for **each** candidate with:

- Candidate name and number
- Centre number
- Name of teacher / examiner
- Date of test
- Title of topic for General Conversation

When the tests are complete, you must send the following to the OCR Assessor or repository:

- All attendance registers
- All individual mark sheets
- The clearly labelled recordings of all candidates' tests

It is essential that recordings are packed securely to ensure safe delivery when sent through the post.

The Examinations Officer at your Centre will receive the name and address of the OCR Assessor. If you have carried out the Speaking Tests before this arrives, please keep the recordings secure in the meantime.

All materials must be received by the OCR Assessor by no later than May 15.
