

Unit Title: Identify the learning needs of organisations

OCR unit number 4
Level: 4
Credit value: 6
Guided learning hours: 30

Unit accreditation no: H/502/9543

# Unit purpose and aim

The aim of this unit is to assess a learning and development practitioner's competence in carrying out a learning or training needs analysis for an organisation. 'Organisation' in this context is taken to mean any group or team learning together as well as a whole organisation. 'Practitioner' means anyone with a learning and development responsibility as part of their role.

| Learning Outcomes   |                                    | sessment Criteria   | Exemplification  |
|---|------------------------------------|---|--|
| The Learner will:  1 Understand the and practices of needs analysis organisations | the principles of learning for 1.1 | Explain the principles and practice of learning needs analysis for organisations Analyse the factors that can influence the identification of organisational learning needs Explain why it is important to gain the support and commitment of relevant people Review the methodologies required for a learning needs analysis | Candidates may consider:  What learning needs analysis is  Different types of learning needs analysis eg Context Analysis, User Analysis, Work analysis, Content Analysis, Training Suitability Analysis, Cost-Benefit Analysis, and which would be most appropriate to the organisation in question |
|   |                                    | nocus unarysis  | Aims and purpose of the learning needs analysis, eg assess the current situation, know the workforce, skills audi current ability, highlight knowledge, skills and competencies that exist and those that need developing, identify attitude to learning   |

| The benefits of ca learning needs an including:  • identifying what would like to a goals, objective aspirations  • what gaps exist need for learning development pure establishing the demand for learning development pure develo |

#### Assessment

All learning outcomes in this unit must be assessed using methods appropriate to the assessment of the knowledge and understanding.

This unit assesses occupational competence. Evidence for learning outcomes 2 and 3 must come from performance in the work environment. Simulations, projects or assignments are not allowed for these learning outcomes.

### Evidence requirements

There must be valid, authentic and sufficient evidence for all the assessment criteria. However, one piece of evidence may be used to meet the requirements of more than one learning outcome or assessment criterion.

## National Occupational Standards (NOS) mapping/signposting

Learning and Development National Occupational Standards Standard 1: Identify collective learning needs.

#### Additional information

For further information regarding administration for this qualification, please refer to the OCR document 'Admin Guide: Vocational Qualifications' (A850) on the OCR website <a href="https://www.ocr.org.uk">www.ocr.org.uk</a>.
