### Final version of the timetable

Please note that centres should only make entries for Pilot examinations if approval has been given by OCR to offer the specification.

The examination dates for GCSE and Entry Level Certificate in June 2012 can be found on a separate timetable.

### Starting times of examinations

The published starting time of all examinations is either 9.00 am or 1.30 pm. Each examination must be taken on the day and at the time shown on the timetable.

Centres may change the starting time of an examination within the scheduled morning or afternoon session without notifying OCR but candidates must start morning examinations no earlier than 8.30 am and by 9.30 am and afternoon examinations no earlier than 1.00 pm and by 2.00 pm.

Candidates with more than one examination in a session should take these consecutively. A supervised break may be given between examinations taken consecutively, at the discretion of the centre. Centres may decide the order in which to conduct examinations for candidates taking more than one examination in a session.

### Leaving the examination

Candidates must remain under supervision until 10.00 am for morning examinations and until 2.30 pm for afternoon examinations. For examinations of less than one hour's duration, the candidates must remain under supervision for a period equal to the duration of the examination after the published starting time shown on the timetable.

### Timetable deviations

If you need to arrange overnight supervision, the forms do not need to be returned to OCR but must be completed and held in your centre records. When a change is made to the published starting time of an examination, it is the responsibility of the centre to inform all candidates affected by the alteration.

### Interboard Examinations Timetable

The interboard examinations timetable contains dates for OCR, AQA, CCEA, Edexcel and WJEC examinations in GCSE, GCE, ELC, AEA and FSMQ. It is available via the OCR website [www.ocr.org.uk](http://www.ocr.org.uk), and can be used to search, collate, export and print timetable information. # OCR Training

**OCR Training offers a comprehensive programme of training events to provide essential support in the delivery and assessment of the full range of OCR qualifications.**

Each year, we organise more than 1,500 courses of half or one day's duration at accessible locations around the UK, employing trainers who are experts in their field. We can also arrange for our courses to be delivered in-house and tailored as necessary to meet your needs.

Details of our annual programme are mailed to your centre in June and December each year and are also available on the [OCR website](#). To supplement this, your centre will receive a number of other training updates as our training programme develops.

You can now search and book on training events through [EventBooker](#), our new online booking service.
