AVAILABILITY OF ITEMS

Not all items are available to order from 01/09/11; for the availability of past papers, mark schemes and reports, please see page 5. Orders placed for new items before the stated availability date will not be processed and will need to be re-ordered after the stated availability date. These dates are approximate timescales and orders placed for new items will be despatched as soon as stock is available.

Please note that past papers are subject to copyright and as such some papers listed in the catalogue may not be offered for sale. For a more up to date list of materials available for sale please check the electronic catalogue throughout the year at www.ocr.org.uk

All materials listed in this catalogue will be available to purchase at certain points during the period 1 September 2011 and 31 August 2012 (check page 5 for specific availability dates). Materials from later exam series' (such as June 2012) will be available at a later date and as such these shall be listed in next year's catalogue.

Please note, prior to the Summer 2010 series mark schemes and reports were produced as one combined booklet for each qualification. From the June 2010 series onwards, the qualification mark scheme will be produced as a separate document to the report.

DESPATCH OF ORDERS

Orders will normally be despatched within 3-5 working days of receipt, subject to stock availability. Please note standard and next day deliveries are made on working days only (not weekends or bank holidays). Queries regarding the despatch or non-receipt of orders must be made to OCR Publications within ten days of order date.

NEXT DAY DELIVERY SERVICE

Please note standard and next day deliveries are made on working days only (not weekends or bank holidays).

A next working day service is available, provided that orders are received by 12.30pm. Next day service is for within the UK only.

RETURNS

Queries regarding defects or shortages must be made to OCR Publications within 28 days of the order date.

Authorisation to return or exchange goods must be obtained from OCR Publications before goods are returned. Please telephone 0870 770 6622 for advice.

Returns will only be accepted for refund where OCR Publications have supplied incorrectly, or the goods have been received damaged or faulty.

OCR cannot accept any responsibility for and/or refund/credit any orders incorrectly placed by customers – please see paragraphs below for the Exchange policy.

Exchanges will only be accepted where the materials are returned in original condition within seven days of customer receipt, following authorisation from OCR Publications to return the goods.

Please note postage and packing of exchange items will be charged to the customer unless specified by OCR at the point of exchange request.

All products are returned at the customer's risk and OCR Publications accepts no responsibility for any loss or damage. Products returned should be adequately packaged.

GENERAL NOTES

To avoid duplicate orders please do not fax/post confirmations of telephone orders or previously placed orders.

Queries relating to the non-delivery of items for which you have been invoiced should be made by contacting the Order line within ten days of invoice date.

OCR is not in a position to send inspection copies of any items listed in the Publications Catalogue. OCR does not conduct classes in preparation for any of its examinations and no advice can be given about the choice of courses or textbooks.

COPYRIGHT

Please refer to page 4 for OCR's Copyright Policy.

OCR Copyright Policy

The policy below applies to materials published by OCR in paper or electronic form.

Centres

All OCR published materials (except for those marked * below) can be reproduced for teaching purposes, as described in the Copyright, Design and Patents Act 1988.

Copying may also be allowed under the terms of licenses which can be obtained from the Copyright Licensing Agency (www.cla.co.uk).

Centres cannot reproduce OCR materials if the purpose is to sell the materials (to students or others).

Questions copied from examination papers must include an appropriate acknowledgement. For Example – “OCR GCSE History A (Schools History Project) Summer 2011”.

Materials from examinations must not be copied until 1 month after the final examination date.

Anyone wishing to reproduce past assessment materials, or any other OCR materials, for purposes other than teaching or private study must apply for permission in writing from OCR. This includes the placing of OCR material upon any internet site other than the OCR website.

- * ***It is not permitted to reproduce examination questions from the following examinations:***
Certificate of Professional Competence (multiple choice)
Certificate in Business Language Competence
OCR Levels 1, 2 and 3 Certificate for IT Users, CLAIT - check with OCR before copying.

Publishers

Publishers should follow the same rules as above when reproducing OCR materials. However a written request for permission to reproduce OCR materials must be made to the OCR Copyright Manager at the address below.

Publishers should also note that where OCR has used materials from a third party, permission to reproduce new extracts must be obtained from the original source and that examination questions must be reproduced in full – it is not permitted to alter or abridge questions.

Please note that acknowledgements for all third party material used can be found at <http://www.ocr.org.uk/pastpapermaterials/pastpapers/index.html>

Printed copies of the copyright acknowledgement booklet can also be requested from the OCR Copyright Team.

Any applications for permission or enquiries regarding copyright should be addressed to:

OCR Publications Online Ordering Service

Order online at a time to suit you

Key benefits

- Simple search and order facility
- Around the clock availability
- Browse the full catalogue online
- Flexible delivery options
- Electronic order summary
- Track your orders and view order history

Online ordering is available for centres and private customers – payment can be made either by invoice to registered centres or via credit/debit card payment.

You can access the service 24 hours a day, 7 days a week, allowing you to have full flexibility of when your order is placed. The website is connected to our stock database and is updated every fifteen minutes, ensuring the most accurate stock information is available online.

Any items not in stock can be placed on your order and will be despatched as soon as stock is available.

All customers have the option to order standard or next day delivery and your order can be tracked online so you know exactly where your order is in the despatch process.

Once you have placed your order online, a summary of the order will be emailed to you for future reference.

Following registration for the service you will receive a customer login and this will ensure your future orders are pre-populated with your address details to save you time.

To order online please visit <http://publications.ocr.org.uk>

Centres who wish to be invoiced should register for this service by completing the registration form overleaf and return via fax to 01223 552 610.

If you have already registered for this service but have forgotten your login details, email support@ocr.org.uk and your login details will be forwarded to you.

The screenshot shows the OCR Publications Online Ordering Service website. At the top, the OCR logo (Recognising Achievement) and the 'Publications Online' banner are visible. Below the banner, there is a navigation menu on the left with links: Home, Terms and conditions, Help, Contact us, Feedback, and Glossary. The main content area is titled 'OCR Publications Online Ordering Service' and includes a welcome message, a prompt to decide how to proceed, and two main ordering options: 'Order using a centre account' and 'Order with a credit/debit card'. Below these options, there is a section for 'Latest news' listing recent publications, an 'Email updates' section with a sign-up link, and a 'Book training online' section. At the bottom, there is a 'Useful documents' section with links to download registration forms, a user guide, and the OCR Publications catalogue. The footer contains links for Privacy policy, Accessibility, and copyright information for 2009 OCR.

FURTHER INFORMATION AND SUPPORT

We are committed to providing a robust and wide ranging package of support and training to help you in the delivery of our qualifications.

Support materials including schemes of work, lesson plans, guides to controlled assessment and teacher handbooks are all available on our website. Sample assessment materials and other resources (including the guides to controlled assessment and teacher handbooks) are available via the publications catalogue.

At OCR we work with seconded teachers to make sure we are providing everything you need. If you require any additional information about OCR products and services, please contact our Customer Contact Centre:

For enquiries regarding Education and Learning, please call 01223 553998 or email general.qualifications@ocr.org.uk

For enquiries regarding Skills and Employment, please call 02476 851509 or email vocational.qualifications@ocr.org.uk

Please note – you will not be able to place orders using these numbers.

Real OCR questions at your fingertips – Ideal for revision – Supports OCR specifications – Saves YOU time.

ExamQuest offers a database of past OCR examination questions and supporting material, giving teachers access to hundreds of past questions, mark schemes and examiner comments to help create assessment materials across years 10-13.

The resource will save hours of time in compiling personalised assessment materials by enabling teachers to access exam questions relevant to their current specification to create homework, classroom resources, mock exams and mark schemes. It also gives teachers access to corresponding examiners' comments so they can be aware of common errors made by pupils in past exams.

Subjects available on ExamQuest are GCSE and AS/A Level for Mathematics, Science, Physical Education, ICT and Religious Studies. For the full list of subjects available and their contents please visit the ExamQuest website. For subject demos and more information please visit www.examquest.co.uk.

It is quick and easy to order; once you receive your subject subscription you can download the software from our website and be using ExamQuest in no time.

TRAINING

Our courses are led by trainers who are experts in their field. Courses are carefully planned to provide valuable support for the delivery and assessment of OCR qualifications.

They fall into four broad categories, each of which is designed to suit a different requirement:

- 'Get ready' courses, providing an overview of new OCR specifications. They are suitable for anyone with an interest in finding out more about our specifications.
- 'Get started' courses for teachers preparing to deliver, or already delivering, OCR specifications. They are suitable as a next step to attending a 'Get ready' course or as a first stage training session.
- 'Get ahead' courses for teachers wanting to improve delivery and assessment of a current OCR specification. They are designed for experienced practitioners.
- 'Lead the way' courses to encourage creativity and innovation. These are created with experienced practitioners in mind.

Other events – in addition to the above training courses, we also organise a wide range of subject-specific events and conferences. Details can also be found on the events page of the OCR website www.ocr.org.uk/events

Training booklets – a full range of training booklets are provided to help you to find training for your subject area. These are sent out to all centres at least twice a year and electronic copies can be found on our website www.ocr.org.uk/training/booklets

OCR EventBooker

The quickest and easiest way to find and book your training is through our online booking system. It is the most popular method of booking training, providing 'real time' availability and immediate confirmation. Training and events are added throughout the year – visit www.ocreventbooker.org.uk to check for the most up to date details.

Online training and support. We recognise that it is increasingly difficult for teaching staff to spend time away from the classroom. We are developing a number of online tutorial sessions to complement our face-to-face support. Visit www.ocr.org.uk/training to keep up-to-date with our progress.

For more information about OCR training and support visit www.ocr.org.uk/training

GCSE Science 2011 for first teaching September 2011

Introducing GCSE sciences for 2011

GCSE science specifications have been revised. From September 2011, students beginning a new course will need to be working towards the new science specifications.

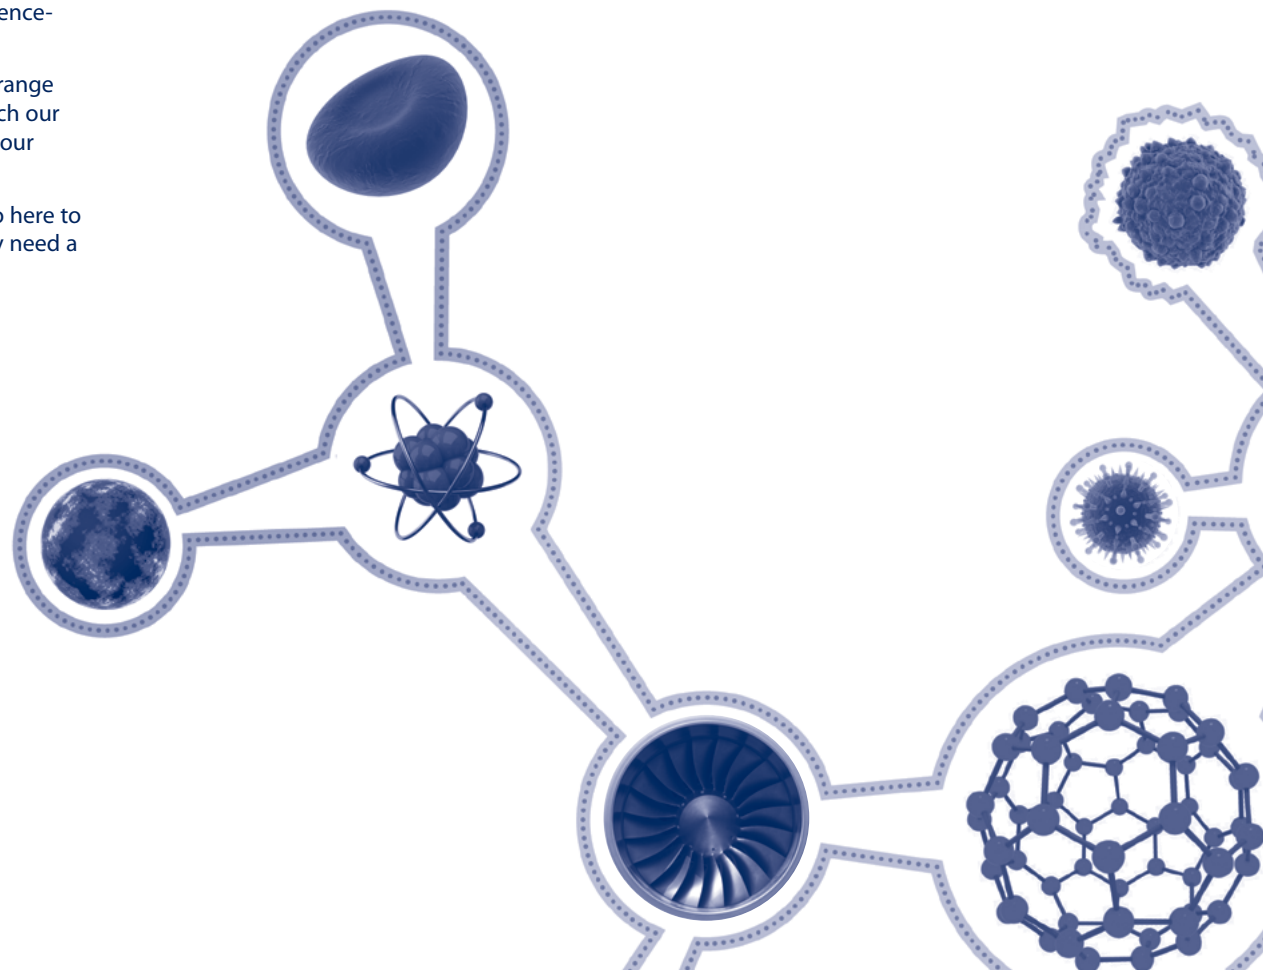

A few good reasons to work with OCR

- You can enjoy the **freedom and excitement** of teaching science qualifications which have been developed to help you inspire students of all abilities.
- We've built specifications **with you in mind**, using a clear and easy-to-understand format, making them straightforward for you to deliver.
- Our **clear and sensible assessment** approach means that exam papers and requirements are clearly presented and sensibly structured for you and your students.
- **Pathways for choice** – we have the broadest range of science qualifications and our GCSEs provide an ideal foundation for students to progress to more advanced studies and science-related careers.
- **Working in partnership to support you** – together with teachers we've developed a range of practical help and support to save you time. We provide everything you need to teach our specifications with confidence and ensure your students get as much as possible from our qualifications.
- **A personal service** – as well as providing you with lots of support resources, we're also here to help you with specialist advice, guidance and support for those times when you simply need a more individual service.

Thousands of teachers already unleash the joy of science with OCR.

Join them and download our accredited GCSE science specifications at www.gcse-science.com/accreditedspecs

Keep fully up to date and be the first to hear about support and training by signing up for email updates at www.ocr.org.uk/updates

OCR Nationals – promoting practical, independent learning for work and further study

With no formal exams to worry about, OCR Nationals’ unit-based approach suits students of all abilities.

OCR Nationals has a flexible structure that enables teachers to tailor the content and pace learning around students’ interests which greatly improves their progress.

Two free moderation visits per year give teachers ongoing feedback on the assessment of students’ work as well as the opportunity to seek further advice and guidance on ways to enhance the delivery of learning. We accept E-portfolios for moderation so teachers are not burdened with unnecessary paperwork around assessment.

Continual assessment means that students can be more easily guided towards higher achievement. Furthermore candidate motivation can also be much higher than with other qualifications.

Independent learning can give students the scope to select their own study topics. This encourages more interesting, creative and relevant learning pathways.

Administration is straightforward allowing centres to process large numbers of mixed ability students.

Talk Work and Life Skills qualifications

Building a better future

We want to help you, your students and everyone who has an experience with OCR, to achieve – to build a better future for all.

That’s why we’re always listening to our colleagues and students: to ensure that our courses truly engage, provide reward and deliver fulfilment. And that’s why our qualifications and support always have the edge.

We understand that learning continues throughout a person’s career, so we offer a great range of vocational qualifications that can be undertaken through work or through part-time programmes.

Simply choose the qualifications that suit you and your students, and we’ll make the rest of the process easy.

Detailed information on everything we offer in our Work and Life Skills portfolio as well as the latest updates can always be found on our website at www.ocr.org.uk/workandlifeskills

New for 2011/12 - Six new Teacher Assessment Packs (TAPs) from Asset languages

Primary packs in French, German and Spanish are now available for **Grades 1-4** of the Languages Ladder and include teacher accreditation material for Breakthrough and Preliminary. The packs have been designed for use with the Key Stage 2 Framework for Languages and complement Making and marking progress. These packs are £60.00 including VAT.

For the first time we have TAPs to support our Preliminary **World of Work** qualifications in French, German and Spanish. These packs include practice papers and are available for purchase for £100.00 including VAT.

For more information on Asset Languages, please visit www.assetlanguages.org.uk or ring 01223 553998.

Rewarding and flexible

Asset Languages is a unique way of rewarding achievement in language learning from OCR.

A flexible assessment scheme in primary, secondary through to adult education, Asset is designed to motivate language learners regardless of age and ability.

It's an alternative to one-size-fits-all assessment because Asset recognises progress:

- in small steps throughout the year
- in the separate skills of listening, speaking, reading and writing
- through teacher assessment or external assessment
- **in 25 different languages.**

Rewarding step-by-step progress builds confidence and can motivate learners of any age to achieve more.

Asset measures progress and skills against the stages of the Languages Ladder. It is not associated with any specific course of study but fits around your existing scheme of work.

Choice of assessment

There is a choice of assessment with Asset; teacher assessment or external assessment.

Teacher assessment

1. If you are looking for an informal assessment tool, our Teacher Assessment Packs (TAPs) provide graded tasks for you to do with your learners in the classroom when convenient. TAPs are available in a range of languages, levels and contexts. There is also the option of buying grade awards to celebrate your learners' success in these tasks.

All the teacher assessment materials are listed on the following pages of this catalogue. Look through to find what is available in the language and level you are interested in.

You can place an order online (<http://publications.ocr.org.uk>) or by calling the order line on 0870 770 6622.

External assessment

2. If you want your learners to receive nationally-recognised qualifications for their success in the individual skills of listening, speaking, reading and writing, then Asset's externally-assessed tests, available four times a year, are for you. More than half a million Asset qualifications have already been awarded to language learners.

To get started with external assessment, first register your centre before making entries by the deadline for the testing window(s) that suit you.

Celebrating success in 25 different languages

Asset offers assessment in: Arabic, Bengali, Cantonese, Cornish, French, French World of Work, German, German World of Work, Greek, Gujarati, Hindi, Irish, Italian, Japanese, Mandarin, Panjabi, Polish, Portuguese, Russian, Somali, Spanish, Spanish World of Work, Swedish, Tamil, Turkish, Urdu, Welsh and Yoruba.
