Unit aim

This unit aims to equip candidates with the ability to produce, from handwritten and typewritten draft material, a variety of routine business documents to a standard that meets the business document production requirements of employment.

Assessment

Assessment will consist of producing three business documents totalling 1,100 words and will take the form of a 1 hour 15 minute test set and marked by OCR.

Results will be graded Distinction, Pass or Fail.

To achieve a Distinction, candidates must produce the documents with no more than 6 faults within the time allowed (1 hour 15 minutes).

To achieve a Pass, candidates must produce the documents with no more than 17 faults within the time allowed (1 hour 15 minutes).

The grade achieved will be stated on the certificate.

Administration guidance

- Either a word processor or a typewriter may be used to complete the examination
- Stationery: A4 plain paper will be required. Candidates must use the templates supplied by OCR for the examination. Templates may be pre-printed onto plain paper for those candidates using a typewriter
- Centres must ensure that the recall material for this examination is available for candidates. Recall material is supplied for each examination by OCR publications on CD-ROM or can be downloaded free of charge from Interchange, OCR's secure website
- Printing: Candidates **must** carry out their own printing. No changes whatsoever may be made to the documents outside the time allowed for the examination. Printing may be undertaken in a period immediately following the examination and supervised by the Invigilator
- For further information regarding administration for this qualification, please refer to the OCR document *Admin Guide for Vocational Qualifications (A850)*.

Guidance on assessment and evidence requirements

For detailed guidance, please refer to the marking criteria and tutor notes in this document. You should also refer to the *Text Processing (Business Professional) Level 3 Centre Handbook*.

Candidates must produce three business documents to a standard acceptable in the workplace and outcomes must be within the permitted error tolerance.

Penalties are given for errors and the same fault appearing more than once will incur a penalty each time. One fault only will be given to any one word* irrespective of the number of errors that may appear in that word. For example, “miscellaneous” keyed in as “miss-selmanious” will be penalised 1 fault, even though several faults have been incurred in the word.

* A word is defined as any normally recognisable word including a hyphenated word and associated punctuation and spacing. Other items that are treated as a word are:

- postcode
- initials and courtesy titles
- simple or complex numbers including money and times
- simple or compound measurements

You should refer to the OCR *Admin Guide to Vocational Qualifications (A850)* for *Notes on Preventing Computer-Assisted Malpractice*.

Errors will be divided into 4 categories:

Marking Criteria	Tutor Notes
Section 1 Faults - keying in errors	
One fault will be given for each word* which:	
1.1 contains a character which is incorrect (including upper case character within a word), or is illegible for any reason	<ul style="list-style-type: none"> • A penalty will be incurred for any word that contains a character that is incorrect or that includes an upper case character within a word, eg <i>LaBel</i> • Candidates may use English and mother tongue dictionaries and spellcheckers where available
1.2 has omitted or additional characters or spaces (including omissions caused by faulty use of correction materials/techniques, eg hole in paper)	<ul style="list-style-type: none"> • A space inserted between a word and its associated punctuation including footnote symbols in text, eg <i>word :</i> or <i>word ?</i> will incur 1 fault per instance • Incorrect or omitted paired punctuation, eg brackets, single quotes will incur 1 fault per ‘pair’, eg (Progress Group), ‘ Progress Group ’ • If footnote symbols omitted altogether and footnote written adjacent to the word which should have contained the symbol – penalise 1 fault for omitted symbol – see also 3.2 (2 faults maximum per instance) • Underlining that is too short or too long (this is not treated as presentation which relates to the underlining of <u>headings</u> – see 4J below)

1.6 contains overtyping, including overtyping of pre-printed material (per entry regardless of the number of words involved) eg text cutting through letterhead template	

1.7 does not contain initial capitals: <ul style="list-style-type: none"> as presented in the draft for the first letter of a sentence 	<ul style="list-style-type: none"> Candidates should key in text as presented in the draft. One fault per instance will be incurred for each initial capital drafted that has been keyed in as a lower case character Failure to insert a capital letter following a penalty for an omitted full stop will not be penalised.
