2.4 Unit B604: Ethics 2 (Peace and Justice, Equality and Media)

Each of the faiths studied will be examined according to the issues specified below. Candidates should be able to support their answers with reference to the teachings, sacred texts, beliefs and attitudes of the faiths where appropriate. Candidates should also explore the significance and impact of religions.

In this unit candidates should reflect on the idea that religions have different approaches and attitudes and that there is diversity within each faith, its understanding of texts and its philosophy.

They should consider these issues in relation to the particular religion itself and to its impact on individuals, communities and societies, locally, nationally and globally whilst realising that these particular aspects may vary in significance between religions and communities.

They should also consider the extent to which the particular religion and belief being studied contributes to community cohesion.

Although the large variety of different philosophical and ethical views are not specified for each unit and whereas it would be too demanding for candidates to study a wide-range of different views at this level, nevertheless they should be aware that there is diversity of belief and opinion within each faith.

The final part of each question gives candidates the opportunity to express not only their personal views but also their understanding of other religions and beliefs including Humanism, Bahai, Jain and Zoroastrianism.

3.3 Grading and awarding grades

GCSE results are awarded on the scale A* to G. Units are awarded a* to g. Grades are indicated on certificates. However, results for candidates who fail to achieve the minimum grade (G or g) will be recorded as *unclassified* (U or u) and this is **not** certificated.

Most GCSEs are unitised schemes. When working out candidates' overall grades OCR needs to be able to compare performance on the same unit in different series when different grade boundaries may have been set, and between different units. OCR uses a Uniform Mark Scale to enable this to be done.

A candidate's uniform mark for each unit is calculated from the candidate's raw marks on that unit. The raw mark boundary marks are converted to the equivalent uniform mark boundary. Marks between grade boundaries are converted on a pro rata basis.

When unit results are issued, the candidate's unit grade and uniform mark are given. The uniform mark is shown out of the maximum uniform mark for the unit, e.g. 40/50.

The specification is graded on a Uniform Mark Scale. The uniform mark thresholds for each of the assessments are shown below:

(GCSE) Unit Weighting	Maximum Unit Uniform Mark	Unit Grade								
		a*	a	b	c	d	e	f	g	u
25%	50	45	40	35	30	25	20	15	10	0

(GCSE Short Course) Unit Weighting	Maximum Unit Uniform Mark	Unit Grade								
		a*	a	b	c	d	e	f	g	u
50%	50	45	40	35	30	25	20	15	10	0

A candidate's uniform marks for each unit are aggregated and grades for the specification are generated on the following scale:

Qualification	Max Uniform Mark	Qualification Grade								U
		A*	A	B	C	D	E	F	G	
GCSE	200	180	160	140	120	100	80	60	40	0
GCSE (short Course)	100	90	80	70	60	50	40	30	20	

The written papers will have a total weighting of 100%.

The candidate's grade will be determined by the total uniform mark.

3.4 Grade descriptions

Grade descriptions are provided to give a general indication of the standards of achievement likely to have been shown by candidates awarded particular grades. The descriptions must be interpreted in relation to the content in the specification; they are not designed to define that content. The grade awarded will depend in practice upon the extent to which the candidate has met the assessment objectives overall. Shortcomings in some aspects of the assessment may be balanced by better performance in others.

The grade descriptors have been produced by the regulatory authorities in collaboration with the awarding bodies.

3.4.1 Grade F

4.2.2 Endorsed publications

OCR endorses a range of publisher materials to provide quality support for centres delivering its qualifications. You can be confident that materials branded with OCR's 'Official Publishing Partner'

or 'Approved publication' logos have undergone a thorough quality assurance process to achieve endorsement. All responsibility for the content of the publisher's materials rests with the publisher.

These endorsements do not mean that the materials are the only suitable resources available or necessary to achieve an OCR qualification.

4.3 Training

OCR will offer a range of support activities for all practitioners throughout the lifetime of the qualification to ensure they have the relevant knowledge and skills to deliver the qualification.

Please see [Event Booker](#) for further information.

4.4 OCR support services

4.4.1 Active Results

activeresults

Active Results is available to all centres offering OCR's GCSE Religious Studies B specifications.

Active Results is a free results analysis service to help teachers review the performance of individual candidates or whole schools.

Further information on Active Results can be found on the [OCR website](#).

4.4.2 OCR Interchange

OCR Interchange has been developed to help you to carry out day-to-day administration functions online, quickly and easily. The site allows you to register and enter candidates online. In addition, you can gain immediate and free access to candidate information at your convenience. Sign up on the [OCR website](#).

5 Equality and Inclusion in GCSE Religious Studies B

5.1 Equality Act information relating to GCSE Religious Studies B

GCSEs often require assessment of a broad range of competences. This is because they are general qualifications and, as such, prepare candidates for a wide range of occupations and higher level courses.

The revised GCSE qualifications and subject criteria were reviewed by the regulators in order to identify whether any of the competences required by the subject presented a potential barrier to any disabled candidates. If this was the case, the situation was reviewed again to ensure that such competences were included only where essential to the subject. The findings of this process were discussed with disability groups and with disabled people.

Reasonable adjustments are made for disabled candidates in order to enable them to access the assessments and to demonstrate what they know and can do. For this reason, very few candidates will have a complete barrier to the assessment. Information on reasonable adjustments is found in *Access Arrangements, Reasonable Adjustments and Special Consideration* by the Joint Council www.jcq.org.uk.

Candidates who are unable to access part of the assessment, even after exploring all possibilities through reasonable adjustments, may still be able to receive an award based on the parts of the assessment they have taken.

The access arrangements permissible for use in this specification are in line with Ofqual's GCSE subject criteria equalities review and are as follows:

	Yes/No	Type of Assessment
Readers	Y	All written examinations
Scribes	Y	All written examinations
Practical assistants	Y	All written examinations
Word processors	Y	All written examinations
Transcripts	Y	All written examinations
BSL signers	Y	All written examinations
Modified question papers	Y	All written examinations
Extra time	Y	All written examinations

5.2 Arrangements for candidates with particular requirements (including Special Consideration)

All candidates with a demonstrable need may be eligible for access arrangements to enable them to show what they know and can do. The criteria for eligibility for access arrangements can be found in the JCQ document *Access Arrangements, Reasonable Adjustments and Special Consideration*.

Candidates who have been fully prepared for the assessment but who have been affected by adverse circumstances beyond their control at the time of the examination may be eligible for special consideration. As above, centres should consult the JCQ document *Access Arrangements, Reasonable Adjustments and Special Consideration*.

In December 2011 the GCSE qualification criteria were changed by Ofqual. As a result, all GCSE qualifications have been updated to comply with the new regulations.

The most significant change for all GCSE qualifications is that, from 2014, unitised specifications must require that 100% of the assessment is terminal.

Please note that there are no changes to the terminal rule and re-sit rules for the January 2013 and June 2013 examination series:

- at least 40% of the assessment must be taken in the examination series in which the qualification is certificated
- candidates may re-sit each unit once before certification, i.e. each candidate can have two attempts at a unit before certification.

Please note that from **January 2013**, candidates will be assessed on the quality of their spelling, punctuation and grammar, see Section 3.5 for more information.

For full information on the assessment availability and rules that apply in the January 2013 and June 2013 examination series, please refer to the previous version of this specification [GCSE Religious Studies B and GCSE \(Short Course\) Religious Studies B \(January 2011\)](#) available on the website.

The sections below explain in more detail the rules that apply from the June 2014 examination series onwards.

6.1 Availability of assessment from 2014

There is one examination series available each year in June (all units are available each year in June).

GCSE Religious Studies B certification is available in June 2014 and each June thereafter.

GCSE (Short Course) Religious Studies B certification is available in June 2014 and each June thereafter.

	Unit B601	Unit B602	Unit B603	Unit B604	Certification availability
June 2014	✓	✓	✓	✓	✓
June 2015	✓	✓	✓	✓	✓

6.2 Certification rules

For GCSE Religious Studies B and GCSE (Short Course) Religious Studies B, from June 2014 onwards, a 100% terminal rule applies. Candidates must enter for all their units in the series in which the qualification is certificated.

GCSE Religious Studies B and GCSE (Short Course) Religious Studies B can be certificated concurrently if all units are taken in the same series.

Candidates who have claimed GCSE (Short Course) Religious Studies B and decide to move on to GCSE Religious Studies B will need to re-take all of the GCSE (Short Course) Religious Studies units alongside the additional units required for GCSE Religious Studies B. The new results for the units that have been re-taken will then be used to calculate the GCSE Religious Studies B grade. Any results previously achieved cannot be re-used.

6.3 Rules for re-taking a qualification

Candidates may enter for the qualification an unlimited number of times.

Where a candidate re-takes a qualification, **all** units must be re-entered and all units must be re-taken in the same series as the qualification is re-certificated. The new results for these units will be used to calculate the new qualification grade. Any results previously achieved cannot be re-used.

6.4 Making entries

6.4.1 Unit entries

Centres must be approved to offer OCR qualifications before they can make any entries, including estimated entries. It is recommended that centres apply to OCR to become an approved centre well in advance of making their first entries. Centres must have made an entry for a unit in order for OCR to supply the appropriate forms and administrative materials.

It is essential that correct unit entry codes are used when making unit entries.

Unit entry code	Component code	Assessment method	Unit titles
B601	01	Written Paper	<i>Philosophy 1</i>
B602	01	Written Paper	<i>Philosophy 2</i>
B603	01	Written Paper	<i>Ethics 1</i>
B604	01	Written Paper	<i>Ethics 2</i>

6.4.2 Certification entries

Candidates must be entered for qualification certification separately from unit assessment(s). If a certification entry is not made, no overall grade can be awarded.

Candidates may be entered for one or both of the following:

- GCSE Religious Studies B certification code J621
- GCSE (Short Course) Religious Studies B certification code J121.

6.5 Enquiries about results

Under certain circumstances, a centre may wish to query the result issued to one or more candidates. Enquiries about results for GCSE units must be made immediately following the series in which the relevant unit was taken and by the relevant enquiries about results deadline for that series.

Please refer to the JCQ *Post-Results Services* booklet and the OCR *Admin Guide: 14–19 Qualifications* for further guidance on enquiries about results and deadlines. Copies of the latest versions of these documents can be obtained from the OCR website at www.ocr.org.uk.

6.6 Prohibited qualifications and classification code

Every specification is assigned a national classification code indicating the subject area to which it belongs. The classification code for this specification is 4610.

Centres should be aware that candidates who enter for more than one GCSE qualification with the same classification code will have only one grade (the highest) counted for the purpose of the School and College Performance Tables.

Centres may wish to advise candidates that, if they take two specifications with the same classification code, colleges are very likely to take the view that they have achieved only one of the two GCSEs. The same view may be taken if candidates take two GCSE specifications that have different classification codes but have significant overlap of content. Candidates who have any doubts about their subject combinations should seek advice, either from their centre or from the institution to which they wish to progress.

7 Other information about GCSE Religious Studies B

7.1 Overlap with other qualifications

There is a degree of overlap between the content of these specifications and those for GCSE Religious Studies (World Religion(s)). There is one common unit – B603: *Ethics 1*.

Candidates wishing to complete a short course on one specification and a full course on the other specification should ensure they take six separate units. It is not possible to double count B603 towards both certificates.

7.2 Progression from this qualification

GCSE qualifications are general qualifications which enable candidates to progress either directly to employment, or to proceed to further qualifications.

Progression to further study from GCSE will depend upon the number and nature of the grades achieved. Broadly, candidates who are awarded mainly Grades D to G at GCSE could either strengthen their base through further study of qualifications at Level 1 within the National Qualifications Framework or could proceed to Level 2. Candidates who are awarded mainly Grades A* to C at GCSE would be well prepared for study at Level 3 within the National Qualifications Framework.

7.3 Avoidance of bias

OCR has taken great care in preparation of this specification and assessment materials to avoid bias of any kind. Special focus is given to the 9 strands of the Equality Act with the aim of ensuring both direct and indirect discrimination is avoided.

7.4 Regulatory requirements

This specification complies in all respects with the current: *General Conditions of Recognition; GCSE, GCE, Principal Learning and Project Code of Practice* and the *GCSE subject criteria for Religious Studies*. All documents are available on the [Ofqual website](#).

7.5 Language

This specification and associated assessment materials are in English only. Only answers written in English will be assessed.

7.6 Spiritual, moral, ethical, social, legislative, economic and cultural issues

Religious Studies enables candidates to develop their understanding of spiritual, moral, social and cultural issues in considerable depth. All modules address at least one of these areas directly. Candidates learn about the nature of the spiritual issues and have the opportunity to consider some responses to spiritual questions. For example candidates studying papers Ethics 1 and Ethics 2 will study the basics of religious teachings which may guide the modern Buddhist/Christian/Hindu/Jew/Muslim/Sikh in making decisions about contemporary moral issues such as abortion and divorce.

Candidates studying any of these units will gain an understanding of the beliefs of the faith concerned and of the way these have an impact on cultural and social issues in the community and in the family.

7.7 Sustainable development, health and safety considerations and European developments, consistent with international agreements

OCR has taken account of the 1988 Resolution of the Council of the European Community and the Report *Environmental Responsibility: An Agenda for Further and Higher Education*, 1993 in preparing these specifications and associated specimen assessments. European examples should be used where appropriate in the delivery of the subject content.

7.8 Key Skills

This specification provides opportunities for the development of the Key Skills of *Communication, Application of Number, Information and Communication Technology, Working with Others, Improving Own Learning and Performance and Problem Solving* at Levels 1 and/or 2. However, the extent to which this evidence fulfils the Key Skills criteria at these levels will be totally dependent on the style of teaching and learning adopted for each unit.

The following table indicates where opportunities may exist for at least some coverage of the various Key Skills criteria at Levels 1 and/or 2 for each unit.

Unit	C		AoN		ICT		WwO		IoLP		PS	
	1	2	1	2	1	2	1	2	1	2	1	2
B601	✓	✓			✓	✓	✓	✓	✓	✓	✓	✓
B602	✓	✓			✓	✓	✓	✓	✓	✓	✓	✓
B603	✓	✓			✓	✓	✓	✓	✓	✓	✓	✓
B604	✓	✓			✓	✓	✓	✓	✓	✓	✓	✓

Detailed opportunities for generating Key Skills evidence through this specification are posted on the [OCR website](#). A summary document for Key Skills Coordinators showing ways in which opportunities for Key Skills arise within GCSE courses has been published.

7.9 ICT

In order to play a full part in modern society, candidates need to be confident and effective users of ICT. Where appropriate, candidates should be given opportunities to use ICT in order to further their study of Religious Studies B (Philosophy and/or Applied Ethics).

This section offers guidance on opportunities for using ICT during the course. Such opportunities may or may not contribute to the provision of evidence for IT Key Skills.

ICT Application / Development	Opportunities for Using ICT During the Course

Present information.	Information, derived from a variety of electronic or book-based sources, presented for a short class assignment or a longer revision task. There are many opportunities for the use of images in addition to text.

7.10 Citizenship

From September 2002, the National Curriculum for England at Key Stage 4 includes a mandatory programme of study for Citizenship.

This section offers guidance on opportunities for developing knowledge, skills and understanding of citizenship issues during the course.
