Cambridge TECHNICALS LEVEL 2 & 3

CAMBRIDGE  
TECHNICALS

# CAMBRIDGE TECHNICALS EXPLAINED

January 2024 – Version 8

Vocational study for 16–18 year olds

# Your guide to choosing vocational qualifications that complement the needs of both your students and centre

## Cambridge Technicals

Our Cambridge Technicals suite gives you the reassurance that you have the right qualifications to support your students' lifelong learning journey.

Cambridge Technicals are vocational qualifications at Level 2 and Level 3 for students aged 16+ with a great selection of subjects to choose from. They are designed with the workplace in mind and provide a high quality alternative to A Levels, supporting progression to higher education.

Vocational education is not just about results, it's about educating people in the knowledge and skills required for employment and for the community as a whole. It's also about developing the behaviours and attributes needed to progress and succeed in education and in work.

## 2012 Level 2 Cambridge Technicals Suite

- **100% internally assessed content**
- Student focused internal assessment rules
- OCR visiting moderation providing centre feedback and support
- **Not eligible for Key Stage 5 DfE (16–18) performance points**

## 2012 Level 3 Cambridge Technicals Suite

- **100% internally assessed content**
- Student focused internal assessment rules
- OCR visiting moderation providing centre feedback and support
- Attracts UCAS tariff points
- **Not eligible for Key Stage 5 DfE (16–18) performance points**

## 2016 Level 2 Cambridge Technicals Suite

- **Some externally assessed content**
- Student focused internal assessment rules
- OCR visiting moderation providing centre feedback and support
- **Eligible for Key Stage 5 DfE (16–18) performance points**

## 2016 Level 3 Cambridge Technicals Suite

- **Some externally assessed content**
- Student focused internal assessment rules
- OCR visiting moderation providing centre feedback and support
- Attracts UCAS tariff points
- **Eligible for Key Stage 5 DfE (16–18) performance points**

## Purpose of this document

Our objective is to help support your decisions when choosing **post 16** Level 2 and Level 3 Vocational Qualifications.

This document aims to answer your questions on:

- Qualification review dates
- Last registration dates for legacy qualifications
- Do our qualifications attract [UCAS tariff points](#)?
- Do our qualifications attract [16–19 and/or 19+ funding](#)?
- Do our qualifications attract [Key Stage 5 DfE \(16–18\) performance points](#)?
- Do our qualifications attract funding and recognition in Wales and Northern Ireland?

\*Review date: This is the date by which OCR will have reviewed the qualifications fitness for purpose. Please note we will have informed centres of the status of the qualification in advance of this date.

---

### Cambridge Technicals in Art and Design:

We made the decision NOT to include external assessment as this approach did not suit the curriculum delivery and progression needs of centres and their learners. Therefore this qualification does not receive Key Stage 5 Performance Table points.

---

### However the 2012 Cambridge Technicals in Art and Design do:

- Receive funding – included within Key Stage 5 study programmes.
- Receive UCAS tariff points at Level 3.

---

### Delivery of 2012 Art and Design:

So you can continue to offer the Cambridge Technicals in Art and Design we have extended the Level 2 and 3 qualifications (see tables for dates).

---

### You can top up or move down:

- Once entered for a particular level, you have the ability to move between sizes within that level ('topping up' and 'moving down').

---

### ESFA funding:

For 19+ funding, there are two main routes, legal entitlement and local flexibilities.

✓ denotes inclusion in the legal entitlement offer and ✓ (Local Flexibilities) denotes that it is not in the legal entitlement offer but is available through local flexibilities. The latest funding information is available on the [ESFA Hub](#) (use the qualification number as the Learning Aim). More information can be found [here](#).

---

The Cambridge Technical Diploma and Extended Diploma in IT will no longer attract 16–19 funding in England from July 2024. Your final cohort of students for these qualifications would need to be on programme by 31 July 2024.

Please see our website for more details:

[teach.ocr.org.uk/post-16-vocational-reform](https://teach.ocr.org.uk/post-16-vocational-reform)

\*\*We will confirm if the removal of funding at 16–19 impacts Adult funding for these qualifications once we have more information.

\*Review date: This is the date by which OCR will have reviewed the qualifications fitness for purpose. Please note we will have informed centres of the status of the qualification in advance of this date.

## Delivery of 2012 IT:

So you can continue to offer the Cambridge Technicals in IT we have extended the Level 2 and 3 qualifications (see tables for dates).

---

## You can top up or move down:

- Once entered for a particular level, you have the ability to move between sizes within that level ('topping up' and 'moving down').
- 

## Cambridge Technicals in IT do:

- Receive funding – included within Key Stage 5 study programmes (see below).
  - Receive UCAS tariff points at Level 3.
- 

## Delivery of Level 3 2016 IT:

The Level 3 2016 Cambridge Technicals in IT have a review date of **31 December 2026**. We will update all centres in advance of this date with information about the status of the qualification. Funding is changing in England for these qualifications, see [post-16 vocational reform](#) for more information.

---

## Level 2 2016 Cambridge Technical in IT:

Note that **only** the Certificate and Diploma in IT are on the DfE (16–18) performance tables. External assessments for this qualification are *On Screen Tested*.

Level 2 Award is available as a qualification (the award does **not** require externally assessed units to be completed). This is entitled Digital Business Technologies.

---

## ESFA funding:

For 19+ funding, there are two main routes, legal entitlement and local flexibilities.

✓ denotes inclusion in the legal entitlement offer and ✓ (Local Flexibilities) denotes that it is not in the legal entitlement offer but is available through local flexibilities. The latest funding information is available on the [ESFA Hub](#) (use the qualification number as the Learning Aim). More information can be found [here](#).

There are changes to 16–19 funding for our 2016 Level 3 Diploma and Extended Diploma in IT from July 2024. Please see [here](#) for more details.

The Level 3 IT 2016 qualifications are funded as part the governments [Lifetime Skills Guarantee](#) paid for by the National Skills Fund.

---

## Transition programme

[Transition programmes](#) are full-time programmes that last up to one year, designed for young people who are not ready to start a T Level, but have the potential to do so.

Level 2 Cambridge Technicals are substantial qualifications that can be delivered as part of this study programme.

---

## PERFORMING ARTS

## Northern Ireland and Wales

### Northern Ireland

All qualifications that have been approved for use in schools in Northern Ireland will appear in the NIEFQAN file. You must check the latest NIEFQAN file each year before starting delivery:

[www.education-ni.gov.uk/publications/niefqan](http://www.education-ni.gov.uk/publications/niefqan)

If you wish to use a qualification that has not already been approved by the Department of Education (DE) for use in schools in Northern Ireland, a request for approval must be submitted to the DE.

Where approved for use in schools in Northern Ireland, Cambridge Technicals can only be offered to students 16+. They cannot be delivered to Key Stage 4 students.

You should send approval requests by email to:

[qualsapprovals@education-ni.gov.uk](mailto:qualsapprovals@education-ni.gov.uk)

A Qualification Approval Request Form should be completed and attached to the email.

As per DE circular number 2016/25, the exceptions to this are the 2016 Level 2 and Level 3 Cambridge Technicals in Health and Social Care as this subject will not be accredited for delivery in Northern Ireland.

You can also visit our dedicated NI website page that is kept up to date with qualification and funding information.

[ocr.org.uk/about/policy-and-public-affairs/northern-ireland-14-19-curriculum-and-funding](http://ocr.org.uk/about/policy-and-public-affairs/northern-ireland-14-19-curriculum-and-funding)

---

### Wales

Cambridge Technicals, at Level 2 and Level 3 are recognised by Qualifications Wales (QW) but you must check QiW ([www.qiw.wales](http://www.qiw.wales)) to see if they are designated for funding. Some qualifications are no longer funded following Qualification Wales sector reviews. If they are not, please contact OCR for further information from our Customer Support Centre on **01223 553998** or email us at [support@ocr.org.uk](mailto:support@ocr.org.uk)

---

## Supporting you

**A wide variety of resources and training events wrap around our Cambridge Technical qualifications. We've designed these to develop your understanding of the assessment criteria and what is expected of students by the mark scheme, as well as to alleviate the admin burden and to help you with teaching and delivery in unfamiliar contexts. We update these based on your feedback as well as the assessment insight we glean from examiners' reports.**

### Sample assessment materials

Alongside our specifications, we publish a range of specimen assessment materials for each unit, including sample papers and mark schemes, to offer a deeper understanding of the assessment criteria.

### Examiners' reports

Every results day we publish reports written by the Principal Examiner/Moderator with constructive feedback on student performance and the exam series.

### Candidate exemplars

We provide exemplar student responses for both examined and internally moderated units. We update these after every exam series and include several levels of response, so you can tailor your teaching accordingly.

### ExamBuilder

Our online question builder service allows you to create and share bespoke tests. By drawing on a bank of questions, or parts of questions, you can produce mock exams or check-in tests tailored to the needs of your students of all abilities.

### Teaching and delivery materials

We offer a carefully selected portfolio of teaching and delivery materials, including progress trackers, schemes of work, lesson plans, resource links and model assignments to help with internally assessed units. We also produce a range of tools to help reduce the admin burden, including the qualifications calculators, so you can make sure that your students are sitting the right number and combination of units.

### Professional development and subject advisors

Throughout the year we offer a bespoke package of roadshows, informal teacher network events and professional development training events – on topics ranging from teaching delivery to exam series feedback. You can also find us at relevant conferences across the country and our subject advisors are available if you have specific questions throughout the year.

## Glossary

Term	Meaning
Cambridge Technicals	Available at Level 2 and Level 3 – these are OCR’s vocational qualifications for post 16 students in full time study. Basically – our version of Pearson’s BTEC!
Review date	This is the date that we must decide if we are going to extend, replace or withdraw.
ESFA: Find a learning aim	This is the list of qualifications that are funded for 16–19 year olds. It’s sometimes best searching by the qualification number. <a href="https://submit-learner-data.service.gov.uk/find-a-learning-aim">submit-learner-data.service.gov.uk/find-a-learning-aim</a>
Qualification number	Qualification number – a useful number to use when searching the Ofqual Register or the find a learning aim site.
19+ funding	<u>Advanced learning loans</u> are now available for students 19+. <b>National Skills Fund – Level 3 adult offer:</b> From April 2021, any adult aged 24 and over who wants to achieve their first full Level 3 qualification, which is equivalent to a technical certificate/diploma or two full A levels, will be able to access almost <b>400 fully-funded courses</b> paid for by the National Skills Fund. See relevant subject pages for information.
16–18 (Key Stage 5) performance points	Student outcomes when they reach the end of 16–18 study. Reported on after the students 18th birthday. Therefore, qualifications started in September 2023 count in the performance tables for <b>2025</b> , published early 2026. <a href="https://www.gov.uk/government/publications/16-to-19-qualifications-discount-codes-and-point-scores">www.gov.uk/government/publications/16-to-19-qualifications-discount-codes-and-point-scores</a>
MEI	Meaningful Employer Involvement – a DfE technical guidance requirement for qualifications categorised as <b>Technical Certificate</b> and <b>Tech Level</b> . Centres must provide MEI for their students on these types of qualifications. <b>See our qualification centre handbook for further details of what you need to do.</b>
Technical Certificate	DfE category in the technical guidance for Level 2 vocational qualifications. These are Level 2 qualifications for students wishing to specialise in a specific industry or occupation. They’ll provide your students with the specialist knowledge and skills to progress onto an apprenticeship, employment or Tech Level.
Applied General	DfE category in the technical guidance for Level 3 vocational qualifications. These are Level 3 qualifications providing your students with transferable knowledge and skills so they can continue their education via a range of HE courses. They’re designed to fulfil the entry requirements for a range of HE courses, either by meeting the entry requirements in their own right or alongside other qualifications at the same level.
Tech Level	DfE category in the technical guidance for Level 3 vocational qualifications. These are Level 3 qualifications on a par with A Levels and recognised by employers. They’re for post 16 students wishing to specialise in a specific industry or occupation. They’ll provide your students with the specialist knowledge and skills to progress onto a related HE course, apprenticeship or employment.
UCAS tariff points	Points attached to Level 3 qualifications to help students gain entry into university. Level 3 qualifications designed for progression to university will normally have UCAS tariff points attached to them. This isn’t just Cambridge Technicals, but vocational qualifications from other exam boards such as Pearson’s BTEC, and A Levels too.
