## Assessment

Centres may design their own assessment for this unit. However, a model assessment is available from the Level 4 Diploma in Business and Administration webpage:

<http://www.ocr.org.uk/qualifications/vocational-qualifications-qcf-business-and-administration-level-4-diploma-10337/>

The OCR model assessment includes:

- notes for tutors
- evidence requirements
- information on assessment expectations
- glossary for command verbs

Should centres design their own assessment, this **must be** accompanied by an Evidence Checklist to enable assessors and moderators to record and identify where, within the submitted assessment, each criterion and evidence requirement has been met.

Candidate work for this unit will be assessed by the centre and externally-moderated by OCR.

## Evidence requirements

Candidates are expected to evidence the application of knowledge in their own working environment. Where this is not possible candidates can choose an organisation in which to apply their knowledge, providing this will allow all assessment criteria to be met.

Details of evidence requirements can be found in the OCR model assessments which support this unit. If centre-developed assessments are used, they must allow candidates to cover all of the Evidence Requirements detailed on the Evidence Checklist.

Evidence can be presented in a number of ways which can be determined by the centre. These decisions should take into account the accessibility of the assessment requirements by individual candidates and the bespoke nature of a candidate or candidate group.

Evidence could be presented through assessed presentations, assessor observations, professional discussions or word processed documents. Recordings of professional discussions are an acceptable form of evidence. All evidence submitted must be legible.

Candidates may be able to draw on previous experiences to demonstrate they can meet the assessment criteria and evidence requirements. In this instance a professional discussion supported by applicable documentation could be accepted as suitable and adequate evidence, on the provision that all relevant requirements are met.

Where assessor observations or professional discussions are carried out, the content of these must be detailed on a Witness Statement form. The Witness Statement form must be submitted with the candidate evidence. Witness Statement forms can be downloaded from the OCR L4 Diploma in Business and Administration webpage:

<http://www.ocr.org.uk/qualifications/vocational-qualifications-qcf-business-and-administration-level-4-diploma-10337/>.

Whilst observation and professional discussion are acceptable forms of evidence, we would not expect these to be the sole methods employed for evidencing a complete unit.

Evidence from related Level 4 NVQ units can be used to infer understanding of this unit's content where appropriate.

## Guidance on assessment and evidence requirements

---

Candidates should be advised that incomplete evidence **should not** be submitted.

All evidence **must** be assessed by the centre before submitting to OCR for moderation. This should be indicated through a tick and/or feedback comment on each marking point. Assessors should check that there are no gaps in the evidence.

Centres must have an internal moderation process in place to ensure consistency of assessment, especially where there is more than one assessor in the assessment team. The internal moderator should sign the front cover of those assessments which have been included in the internal sampling process.

If candidates require a scribe, further guidance can be found in the JCQ document: *Access Arrangements, Reasonable Adjustments and Special Consideration 2012-2013* available at:

<http://www.icq.org.uk/exams-office/access-arrangements-and-special-consideration/regulations-and-guidance/access-arrangements-reasonable-adjustments-and-special-consideration-2012-2013>

Scribed work should be annotated with the scribe's initials.

OCR is unable to return candidate work to centres, so **centres should take a copy before submitting** work to OCR for moderation.

You should refer to the '*Admin Guide: Vocational Qualifications (A850)*' for *Notes on Preventing Computer-Assisted Malpractice*.

## National Occupational Standards (NOS) mapping/signposting

---

The mapping in the table below provides an indication of where evidence might be available for assessment against some of the knowledge and understanding contained in the national occupational standards (NOS). It does not claim to guarantee that evidence will meet the NOS.

NOS can be viewed on the relevant Sector Skills Council's website or the occupational standards directory at [www.ukstandards.co.uk](http://www.ukstandards.co.uk).

Occupational standards	Unit number	Title
CFAM & LBB1		Manage risks to your organisation
CFAM & LEB1		Provide healthy, safe, secure and productive working environments and practices
CFAM & LEB4		Manage the environmental and social impacts of your work

## Functional skills signposting

---

This section indicates where candidates may have an opportunity to develop their functional skills.

Functional Skills Standards					
English		Mathematics		ICT	
Speaking and Listening	x	Representing		Use ICT systems	x
Reading	x	Analysing		Find and select information	x
