# Fees for late entries, withdrawals, entry amendments and transfer of candidates

## Late entry policy

The accurate and timely submission of entries is critical to the successful delivery of OCR's services to centres. Entries received after the advertised deadlines can disrupt carefully scheduled processes and ultimately jeopardise the final production and delivery of results. Processes that can be affected include:

- Recruitment and allocation of examiners and moderators
- Printing of examination papers
- Quality checks on the accuracy of entry data
- Production of documentation such as attendance registers and examiner address labels
- Moderation or marking of candidates' work
- Collection of internally assessed and examination marks
- Establishing grade boundaries
- Preparation of results files and documents
- Submission of data to UCAS.

Late entry fees are therefore applied both to recover the costs associated with the additional processing requirements and to promote the submission of entries by the advertised closing dates.

**Late entry fees will not be refunded.**

## Definition of terms

<b>Candidate entry</b>	The submission of the four-digit entry code (plus any associated tier/option code) as defined in the <a href="#">OCR Admin Guide and Entry Codes: 14–19 Qualifications</a> , or basedata issued by OCR. It should be noted that, for unitised schemes, there is a separate entry code for each unit (including coursework units) and also the associated certification entry. A pirate entry is an entry created by OCR in response to work submitted for a candidate who has not been formally entered by the centre.
<b>Certification entry</b>	An entry to indicate an overall specification grade, for unitised examinations, where an award is expected for the candidate in the series.
<b>Option change</b>	This can represent a change to the area of study within a unit (e.g. a choice between question papers), the method of moderation (postal or OCR Repository), or the form of assessment (e.g. a written examination or a computer-based test). See the <a href="#">OCR Admin Guide and Entry Codes: 14–19 Qualifications</a> for further details and option codes.
<b>Tier change</b>	This changes the level at which a candidate will sit an exam (i.e. Foundation or Higher). For example, changing A351F to A351H would change a candidate's entry for A351 from Foundation tier to Higher tier.
<b>Withdrawn entry</b>	The removal of a candidate entry after it has been received.

The table below identifies the fees which will be charged for the different entry submissions at the various stages within the examination cycle. The table on the following page provides you with the associated dates by series.

# Cambridge Technicals

Centres delivering Cambridge Technicals qualifications receive two free Visiting Moderations per academic year. Any additional Visiting Moderations will incur a fee of £280 per visit, unless prior approval to waive the fee has been granted by OCR. Centres are advised, candidates should be entered for either the full award **or** individual units. They should **not** be entered for both. (This is different from many other OCR qualifications, such as GCSEs and A Levels, where both unit and certification entries are required.) Comprehensive instructions for entering candidates for Cambridge Technicals qualifications can be found [here](#).

**Pay as you go (QCF)** – Units are purchased until such time that the required amount of credit has been achieved to attain a full qualification.

**Pay up front (QCF)** – A simple one-off payment, payable in advance, that covers the cost of the whole qualification at a lower cost than **Pay as you go**, with the exception of those qualifications marked ❖ where only three units are required to attain full certification.

**Top up/Move down entries** can only be made for candidates with existing full award entries.

**Top up/Move down fees** are determined by calculating the difference between the cost of the full qualification the candidate is moving to and the cost of the original full qualification entered for and applying a standard £10 per candidate administration fee. Where a move down fee is shown this value will be credited to your account.

A fee of £350 will be charged to new centres for the processing of a centre approval for verified schemes. A fee of £280 will be charged to existing centres to add a new verified scheme. This fee will cover all schemes listed on a single Application for Approval form (Form VQ1). Centres outside the UK will need to negotiate prices for evaluation and verification individually.

Centres receive two free External Verifier visits per year, being incorporated into the candidate entry fees charged by OCR. However, OCR reserves the right to charge centres the standard visit fee (currently £280) for any extra visits or advisory visits over and above their normal allocation. Moreover, where a centre enters a small number of candidates per academic year, the standard visit fee will be applied. Please refer to the [Admin Guide: Vocational Qualifications](#) for further guidance.

OCR offers customers two fee options for the vast majority of our NQF and QCF vocational qualifications.

**Pay as you go (NQF)** – There is an initial entry fee and then you pay for the certification claim for each unit when you make your unit certification claims.

**Pay up front (NQF)** – A simple one-off payment, payable in advance, that covers the entry fee and the certification claim fee for the whole qualification at a lower total cost than **Pay as you go**.

**Pay as you go (QCF)** – Units are purchased until such time that the required amount of credit has been achieved to attain a full qualification.

**Pay up front (QCF)** – A simple one-off payment, payable in advance, that covers the cost of the whole qualification at a lower cost than **Pay as you go**.

For overseas centres that have been approved by Cambridge International Examinations to offer OCR examinations, a premium of £6.70 per candidate over and above the normal fee is charged. BFPO centres are charged UK rates. Late entries for Examined Schemes are liable to a late entry surcharge of £53.50 per entry document.
