

Copyright Acknowledgement Booklet

For the January 2010 exam series

This booklet contains the acknowledgements for third-party copyright material used in OCR assessment materials for 14 – 19 Qualifications.

About the Copyright Acknowledgement Booklet

Prior to the June 2009 examination series, acknowledgements for third-party copyright material were printed on the back page of the relevant exam papers and associated assessment materials. For security purposes, from the June 2009 series onwards, OCR has created this separate booklet to put all of the acknowledgements, and they will no longer be published in the exam papers and associated assessment materials.

The booklet is published after each examination series, when assessment materials become available to the public.

It is available online from the OCR website at:

www.ocr.org.uk/pastpapermaterials/pastpapers/index.aspx.

The OCR Copyright Team can be contacted by post at 9 Hills Road, Cambridge, CB2 1GE, or by email at ocr.copyright@ocr.org.uk.

Where possible, OCR has sought and cleared permission to reproduce items of third-party owned copyright material. Every reasonable effort has been made by OCR to trace copyright holders, but if any items requiring clearance have unwittingly been included, please contact the Copyright Team at the addresses above and OCR will be pleased to make amends at the earliest possible opportunity.

How to find an acknowledgement

Each acknowledgement is filed under the unit number of the exam paper in which the copyright material appears.

The unit number consists of either numbers only or a letter followed by numbers:

- Units that begin with a number are ordered from 1 – 9.
- Units that begin with a letter come after the last of the number-only codes and are in alphabetical order.

Where an exam paper has more than one document associated with it, each document is identified with its separate acknowledgements.
