

OCR's *post-results* services and fees: November 2020 series

There are a number of options available if you have a concern about a result.

Here's a quick guide to your main options: requesting one of our **reviews of results** or getting hold of a copy of a marked exam paper (**access to scripts**). If you still have a concern after this, we offer an appeals service. Students should speak to a teacher or exams officer at their school or college about post-results services.

All post-results services must be requested via a school or college.
