2 October 2014

Dear Charlotte Bosworth

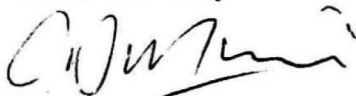

As an employer who employs staff for job roles in the engineering manufacturing sector I believe that the following qualifications will enable students in the 16-19 age range to develop specialist knowledge and skills relevant to employment in this area and that the standard of knowledge and skills is suitable for an 18 year old in full time education.

I believe a student who achieves one of the following qualifications should be effectively prepared for related jobs, apprenticeships, training or higher education courses in engineering manufacturing:

607/4600/X OCR Level 3 Cambridge Technical Foundation Diploma in Engineering (VRQ) - manufacturing pathway

601/4599/7 OCR Level 3 Cambridge Technical Diploma in Engineering (VRQ) - manufacturing pathway

Yours sincerely

Company Secretary
