3 Apprenticeship information

3.1 How do I get a certificate for the apprenticeship?

The Children and Young People’s Workforce Advanced Apprenticeship is certificated by Apprenticeships Certificates England (ACE) on behalf of Skills for Care and Development (SfCD). For full details of frameworks see Apprenticeships Certificates England website (http://www.acecerts.co.uk/web/).

3.2 About the apprenticeships

This apprenticeship programme is designed for those looking to join the children and young people's workforce and also those already working in the sector either on their own or supervising others, for example, as a Residential Care Worker or Short-break Carer.

This apprenticeship consists of learning and qualifications necessary to provide children and young people’s workforce apprentices with the skills and knowledge they need to become competent in their chosen job and improve their employment prospects. The programmes aim to develop an individual’s confidence in their abilities by developing work-related knowledge, skills and understanding.

Candidates who achieve the Children and Young People’s Workforce Advanced Apprenticeship will have their competence confirmed in supporting children and young people to gain the best start in life and provide them with a safe and secure environment. This Apprenticeship also serves as the required qualification (for all new practitioners) for registration and regulatory requirements in the early learning and childcare sector, and children’s social care (including residential care).

3.3 What makes up an apprenticeship?

There is no maximum time frame for achievement of the Children and Young People’s Workforce Advanced Apprenticeship. However, it is a requirement that candidates should be on programmes for a minimum of 12 months. Individual circumstances (such as significant prior learning or the requirement to deliver some basic skills training first) may result in a shorter or longer period of learning. The amount of time the apprenticeship takes will also be influenced by the opportunities available in the workplace and the level of support given by employers and learning providers.

Each apprenticeship is made up of:

- A combined knowledge and competence qualification, i.e. Level Diploma for the Children and Young People’s Workforce
- Employee Rights and Responsibilities – Assessed using OCR’s Level 2 Award in Employment Rights and Responsibilities in Health, Social Care or Children and Young People’s Settings qualification
- Functional Skills - apprentices without the required level of maths, English and/or ICT will be required to achieve appropriate Functional Skills – refer to SfCD’s Apprenticeship Framework Guidance (http://www.afo.scalliance.org/frameworkslibrary/)
Functional Skills

Apprentices who have achieved a GCSE grade A*-C in Maths, English and ICT will be exempt from completing the corresponding Functional Skills, if these were gained within 5 years of beginning the Apprenticeship programme.
4 Centre assessor and quality assurance personnel requirements

This section provides information on centre assessor and quality assurance personnel requirements for verified qualifications.

4.1 Assessment centre requirements

The occupational expertise of those undertaking the roles of assessment and internal quality assurance is one of the key factors underpinning valid, fair and reliable assessment. The integrity of assessments and quality assurance is of paramount importance.

Your centre must:

- ensure there are sufficient qualified personnel to assess the expected number of candidates
- ensure there are sufficient qualified personnel to internally quality assure for the number of candidates and assessors, i.e. you must have at least one assessor and one Internal Quality Assurer (IQA) to run this qualification
- put systems and internal quality assurance personnel in place to ensure that all assessments are valid, reliable, safe and manageable and suitable to the needs of the candidate
- ensure evidence is authentic and sufficient
- ensure there is a standardisation process in place to ensure that all assessments are consistent and fair
- ensure those undertaking the roles of quality assurance and assessment maintain their skills, knowledge and understanding regarding assessment and quality assurance and the associated qualification
- ensure there is sufficient time to conduct effective assessment and internal quality assurance
- ensure any corrective measures, identified by OCR external verifiers and OCR, are addressed.

4.2 Centre assessor responsibilities

Assessment is an activity carried out by an individual either as a specific role or as part of a wider role, e.g. teacher, tutor, supervisor, manager.

All centre assessors must:

- have the role of assessor identified within their role profile
- be occupationally competent, according to current sector practice, in the functions covered by the units they are assessing
- be familiar with the units that relate to the qualification
be able to interpret and make judgements on current working practices and technologies within the area of work

actively engage in continuous professional development activities to keep up-to-date with developments within the sector

depend candidates’ work against the assessment criteria identified in the units

identify valid and sufficient evidence

ensure authentication of candidates’ work (see section 5.9)

identify gaps in evidence and ensure these are resolved before the unit is claimed

give feedback to candidates

liaise with other assessors in the centre to ensure assessment decisions are consistent and to the required standard

confirm candidate achievement by completing and signing the required OCR documentation

maintain records of candidates’ achievements needed in the event of any submission or results enquiries.

4.3 Internal Quality Assurance Personnel (IQA)

Internal quality assurance is an activity carried out by an individual either as a specific role or as part of an individual’s wider role.

The IQA should have sufficient level of understanding to allow them to judge whether the assessor has fully assessed candidates against all the assessment criteria in the unit.

IQAs must:

be occupationally knowledgeable across the range of units for which they are responsible prior to commencing the role

agree the use of simulated activities before they take place and must sample all evidence produced through simulated activities

sample the assessment process to ensure accurate and consistent decisions between centre assessors against the qualification standards

provide feedback to assessors to resolve differences on assessment decisions

ensure assessment has been carried out by assessors who are occupationally competent within the area they are assessing

actively engage in continuous professional development activities in order to keep up-to-date with developments within the sector

respond appropriately to corrective measures identified by OCR external verifiers and OCR.
5 Verified assessment

This section provides guidance on verified assessment: how to plan and manage assessment and what controls must be applied throughout the process. Your centre must comply with OCR’s criteria for verified qualifications.

5.1 Overview of the assessment

This qualification is internally assessed by centre assessors and quality assured by internal quality assurance personnel and externally verified by OCR.

Teaching and Learning

Tutors must make sure the teaching content for each criterion is fully addressed so that candidates can effectively meet the requirements.

Where teaching content is contained within the unit, it is not exhaustive and may be expanded or tailored to particular contexts in which the unit is being taught and the assessment criteria applied.

We recommend that teaching and development of subject content and associated skills be referenced to real-life situations, using appropriate work-based contact and vocationally experienced delivery personnel.

Evidence

The competence units of the Level 3 Diploma for the Children and Young People’s Workforce qualifications recognise competence in the workplace. Therefore evidence of competence should come from workplace activity and reflect attainment within an organisational context.

When you are satisfied that your candidate has met all of the requirements for a unit, you must sign an evidence record sheet to confirm the assessment process is complete.

5.2 Assessment and the Data Protection Act

It is the centre’s responsibility to ensure that candidates comply with the Data Protection Act when producing evidence for summative assessment. More information about the candidate’s responsibility is available in section 5.11.

5.3 Initial assessment of candidates

It is important that you carry out an initial assessment to identify candidates’ level of competence, knowledge and understanding and any potential gaps that need to be addressed.

This will also:

- help you and the candidates identify the most appropriate optional units
- allow you to plan the assessment
• enable candidates to understand the best place to start generating evidence.

See section 1.3 for information on Entry Requirements and Recognition of Prior Learning.

5.4 Planning assessment

Centre assessors must take responsibility for planning assessment with candidates. This will involve discussing details with candidates including:

• agreeing the best source of evidence to use for particular units
• determining the best way of assessing the candidate
• confirming the best times, dates and places for the assessments to take place
• agreeing a flexible timetable for unit completion and assessment.

Centre assessors must make a note of their assessment planning and regularly give feedback to candidates.

5.5 Real work

Real work is ‘where the candidate is engaged in activities that contribute to the aims of the organisation by whom they are employed’ for example in paid employment or working in a voluntary capacity or work placement.

Where the candidate’s performance is assessed within the workplace, this evidence should naturally occur within the candidate’s work role. This will include the candidate’s application of knowledge. This principle will apply to competence units, except where simulation is acceptable (see simulation).

Workplace evidence may be gathered in full, part-time, casual or voluntary employment or a ‘work placement’, e.g. fulltime students placed into a working environment for a day per week.

Supporting evidence for any work experience from a supervisor or manager must add to the assessment process.

5.6 Methods of assessment

We have identified the main assessment methods suitable for this qualification:

• observation of practice by the assessor or expert witness for occupational specific units
• questioning the candidate or witness by the assessor
• professional discussion
• examining work products – e.g. business letters, spreadsheets, diagrams
• examining written evidence e.g. assignments, tasks, projects or tests
• examining evidence from others
It is your responsibility to agree the best method of assessing a candidate in relation to their individual circumstances.

The methods agreed must be:

- valid
- reliable
- safe and manageable
- suitable for the candidate.

Valid

A valid assessment method is capable of measuring the knowledge or skills in question. For example, a written test cannot measure a candidate’s practical skills or their ability to work well with others.

Validity can be compromised if a candidate does not understand what is required of them. For example, a valid method of assessing a candidate’s knowledge and understanding is to question them. If the questions are not relevant to the qualification or how they are phrased makes it difficult for the candidate to understand, the validity of the assessment method is threatened.

As well as assessment methods being valid, the evidence presented must also be valid. For example, it would not be appropriate to simply present an organisation’s policy on “health and safety” as evidence towards the assessment criteria of a unit, as it would not allow for valid assessment. It may be more appropriate for the candidate and centre assessor to have a discussion about the policy and for the candidate to explain how it is relevant, illustrated with examples from their work to show compliance with the policy requirements. This discussion could then be assessed by the assessor and recorded as evidence.

Reliable

A reliable method of assessment produces consistent results across different centre assessors on each assessment occasion. Internal quality assurance personnel (IQA) must make sure that all centre assessors’ decisions are consistent.

Safe and manageable

Centre assessors and IQA must make sure that assessment methods used are safe and manageable and do not put unnecessary demands on the candidate and/or the organisation they work for.

Suitable to the needs of the candidate

We have designed this qualification so that achievement is accessible to all candidates, in the context of the units.

For candidates who have access requirements see ‘Access arrangements including special consideration’.

If you think that any aspect of this qualification unfairly restricts access and progression, please contact our Customer Contact Centre.
5.7 Authentication

Assessors must be confident that the work they mark is the candidate’s own. This does not mean that a candidate must be supervised throughout the completion of all work but the assessor must exercise sufficient supervision, or introduce sufficient checks, to be in a position to judge the authenticity of the candidate’s work.

Wherever possible, the assessor should discuss work-in-progress with candidates. This will not only ensure that work is underway in a planned and timely manner but will also provide opportunities for assessors to check authenticity of the work and provide general feedback.

Candidates must not plagiarise. Plagiarism is the submission of another’s work as one’s own and/or failure to acknowledge a source correctly. Plagiarism is considered to be malpractice and could lead to the candidate being disqualified. Plagiarism sometimes occurs innocently when candidates are unaware of the need to reference or acknowledge their sources. It is therefore important that you ensure candidates understand:

- the work they submit must be their own
- the meaning of plagiarism and what penalties may be applied.

Candidates may refer to research, quotations or evidence but they must list their sources.

If the qualification allows for candidates to work in groups or with others, for example, in undertaking research, individual responses must be provided as part of any task outcomes.

Whilst there are no restrictions on the number of times that a candidate can resubmit evidence, it is the responsibility of the assessor to ensure that the details of any feedback and guidance are clearly recorded.

Please note: Your centre must confirm to us that the evidence produced by candidates is authentic. The Evidence Record Sheet includes a declaration for candidates to sign and is available from the webpage.

5.8 Making assessment decisions

It is not necessary for candidates to meet all the criteria every time they carry out an activity but they must consistently provide enough evidence for assessors to believe that the candidate is competent in their working environment.

In line with the National Occupational Standards (NOS) for assessors, you should:

- plan with the candidate
- assess candidate performance, knowledge and understanding
- look at the evidence
- question and give feedback to the candidate working towards the qualifications being assessed.

All criteria in the unit must be completed before you as centre assessor can sign the unit off as complete.
5.9 Generation and collection of evidence

Candidates’ evidence should be in an appropriate format to demonstrate the skills, competency, or application of knowledge and understanding, as specified in each assessment criteria within the unit in question.

Candidates must not reference another individual’s personal details in any evidence produced for summative assessment. It is the candidate’s responsibility to ensure that any evidence which includes another individual’s personal details is anonymised to comply with the Data Protection Act.

Evidence can take many forms, for example, DVDs, digital recordings, CD and paper-based or digitally formatted documents, screen prints, photographs supported by a personal statement; reports/logs.

If group work is used as evidence, the candidate’s contribution must be clearly identified.

Evidence can come from a number of sources. A list of the main sources of evidence is provided below:

- Observation
- Questioning
- Professional discussion
- Work products – the outcome or product of a candidate’s work activity
- Witness statements
- Personal statement
- Assignments, tasks, projects or tests – centre devised projects, e.g. a case study

Candidates should take responsibility for the development of their own portfolios, with appropriate support from tutors, employers and peers, and should be aware of the need for clear presentation and ordering as an aid to assessment and referencing once the work is submitted.

Where evidence is relevant to more than one assessment criterion in one or more units, the candidate should cross-reference the evidence within their unit portfolio so that it can be considered by you as centre assessor and by the OCR external verifier if required.

An Evidence record sheet is available to download from our website. Candidates can use this sheet to record their evidence and link it to the assessment criteria in one unit. You must use this sheet or your own suitable alternative to allow the OCR external verifier to see which assessment criterion each piece of evidence refers to.

5.10 How much evidence is needed?

It is difficult to give detailed guidance regarding the amount of evidence needed, as it depends on the type of evidence collected and the judgement of your centre assessors.

Evidence must meet all of the Assessment Criteria and evidence requirements. The quality and breadth of evidence is assessed not the quantity.

Centre assessors should discuss with candidates the most suitable sources of evidence and ensure they are aware of the importance of quality rather than quantity when presenting evidence.
for assessment. The quality and breadth of evidence presented should determine whether your centre assessor is confident that a candidate is competent in meeting the requirements of the unit.

Assessors must be satisfied, from the evidence presented, that candidates can work independently to the required standard.

5.11 Assessment of the evidence

It is the assessor’s responsibility to:

- assess the evidence presented by the candidate
- provide feedback to the candidate
- make an assessment decision which will be confirmed through internal and external quality assurance.

Assessors will judge candidates’ evidence against the assessment criteria specified in the unit.

5.12 Observation

Centre assessors may carry out observations of a candidate undertaking activities or tasks and make an assessment decision based on the candidate’s performance, i.e. what they can do or the process they have gone through.

Sometimes, the observation can also provide inferred evidence of what a candidate knows.

The observation should be of naturally occurring practice within the candidate’s work role.

Centre Assessors and candidates should plan observations together but it is the centre assessor’s responsibility to record the observation. After the observation has taken place, you must record an assessment decision and the justification for the decision. This should include sufficient information about what was observed to ensure the assessment criteria has been met and enable the assessment to be quality assured. Centre assessors should also give feedback to the candidate.

An example of an Observation/Witness Statement, for use by assessors, is available to download from our website.

5.13 Questioning

Centre assessors may question a candidate for the assessment of this qualification.

Questioning the candidate is usually an ongoing part of the assessment process, and it is necessary to:

- test a candidate’s knowledge of facts and procedures
- check if a candidate understands principles and theories and
- collect information on the type and purpose of the activities a candidate has been involved in.
For the most part, you should use open ended questions; i.e. questions that cannot be answered by the candidate with one word responses, e.g. ‘yes’ or ‘no’. Open ended questions require thought and detail in order to answer the question. You should be careful to avoid complicated questions which may confuse the candidate.

It is important that you record assessment decisions after you have questioned the candidate. You must record enough information to justify your decisions. This does not mean that you must record the questions and answers, word for word, but you must record enough detail to allow the assessment to be quality assured.

5.14 Professional discussion

Professional discussion is a structured, planned and in-depth discussion recorded by your centre assessor. It allows the candidate to present evidence of competence and to demonstrate skills, knowledge and understanding through discussing the evidence and showing how it meets the requirements of the qualification.

The purpose of the discussion is to explore the level of the candidate’s competence and ensure their actions are based on a firm understanding of principles which underpin the competence.

You should guide the discussion by using open questioning and active listening.

5.15 Work products

Work products are produced in the workplace. They should be of naturally occurring practice within the candidate’s role. The evidence presented for assessment may be the actual product or a record of the product, e.g. business letter, email, care plan, spreadsheet.

5.16 Witness statements

Witness statements are a record of witness testimonies. A witness statement is used to support work or evidence sourced from confidential or sensitive material, e.g. data protection. It should not be used to evidence achievement of a whole unit.

The witness must not be related to the candidate and must be in a position to make valid comments about their performance, e.g. tutors or workplace supervisors.

It is not acceptable for candidates to produce written witness statements for witnesses to sign.

Witness statements:
- must describe what they witnessed the candidate doing
- can be written or verbal accounts of the candidate’s performance
- do not have to be written by the witness, they may be recorded by the assessor after discussion with the witness and confirmed as accurate by the witness
- can be used to directly support work or as evidence of work based on confidential or sensitive sources e.g. data protection
- should not contain a list of skills
• should not be used as evidence of achievement for a whole unit.

A centre assessor will then judge whether the evidence presented meets the standards required by the assessment criteria for the unit. Often it will be necessary for assessors to contact witnesses to ensure:

• the witness statement is authentic
• the assessor’s interpretation of the witness statement is accurate.

Where a witness provides a written statement they should include the following:

• the candidate’s name
• the date, time and venue of the activity
• a description of the activities performed by the candidate
• the date the statement was written
• a description of their relationship to the candidate
• the witness’ signature and job title
• the witness’ contact details, e.g. telephone number.

5.17 Personal or candidate statement

This is a candidate’s own account of what they did.

Personal statements can be a:

• written or verbal account of specific incidents, activities or situations
• log or diary
• reflective account.

All personal statements made by candidates must be authenticated, as a true account of what took place, by an appropriate witness, e.g. tutor, employer, peer.

5.18 Assignments, tasks, projects or tests

For some units it may be appropriate for your centre to devise assignments, tasks, projects or tests. This provides your centre with opportunities to meet the needs of the candidate and local employers.

Centres will need to ensure that any assignments, tasks, projects or tests enable candidates to meet all of the assessment criteria in the units.

Your centre is best placed to decide on an appropriate context for the assessment for your candidates.

Tutors must ensure candidates are clear about the tasks they are to undertake and the assessment criteria which they are expected to meet.
5.19 Candidate cumulative assessment record (CAR)

A cumulative assessment record (CAR) is the candidate’s record of the evidence that has been assessed and accepted as proof of competence by the internal assessor.

Templates are available for the recording documents to be used in a CAR and you will need to customise these for the qualification the candidate is taking. You may also design your own forms which must be approved during the approval visit or by our external verifier. The forms can be in any format but as a minimum they must contain the information identified in our Admin guide: Vocational Qualifications.

Candidates must record, on the relevant documents, all the evidence presented for assessment. These records will also be used by your centre assessor and internal quality assurance personnel to record assessment decisions. They can also be used to record progress towards the achievement of units.

Filling in these documents is an ongoing process, involving discussion and agreement between the candidate and their centre assessor. The candidate should fill in and keep the CAR while working towards their qualification. A centre assessor may help the candidate complete the CAR if necessary. It may be viewed by your centre’s internal quality assurance personnel and OCR external verifier for sampling purposes as part of the quality assurance process.

The following forms are available, on the webpage, to assist your centre and candidates as they work towards this qualification.

**RD01 Candidate profile - mandatory**

This form records the critical information related to the candidate and the qualification they are entered for.

**RD02 Sample signatures of centre assessment team - mandatory**

This form records the signatures of the centre’s assessment team so that the external verifier can verify the authenticity of signatures used on the centre’s recording documents.

**RD03 Record of unit achievement - optional**

This form records the candidate’s progress through their chosen units. There is one form per qualification, allowing candidates to track the units as they are achieved.

**RD04 Index of evidence - optional**

This form records all of the assessed evidence and the method of assessment used for each piece of evidence. It will include each piece of evidence’s reference code and where it can be found. It allows candidates and assessors to see at a glance where each piece of evidence can be found.

**RD05 Record of assessment planning - mandatory**

This form records when and how assessment planning took place. The use of this form can help to ensure that sufficient evidence will be produced to cover the assessment criteria and that a broad range of assessment methods will be used.
RD06  Record of assessment feedback - mandatory

This form records written feedback by the assessor to the candidate after an assessment has been carried out and records any planned actions. It can also be used to capture any feedback the candidate gives to the assessor.

RD07  Record of internal quality assurance feedback - mandatory

This form records written feedback given by the Internal Quality Assurer to Assessors on their practice. It can also be used to capture future actions and comments from the assessor.

RD08  Record of witness/expert witness - optional

This form records details of activities witnessed such as the type of activity undertaken and the date when the activity took place and to record the witness’s status and contact details.

RD09  Assessor record of observation/professional discussion/questioning - optional

This form records the type of activity undertaken, e.g. observation, professional discussion, the assessment criteria covered by the activity, how the activity met the criteria. It also provides an opportunity for the candidate to comment on the activity and outcome.

RD10  Evidence record sheet - mandatory

This form links the evidence in the CAR to the assessment criteria. As evidence for the unit is gathered, it should be listed down the left hand side of the form. Where possible, the candidate should complete the form; an assessor may help if necessary.

The candidate must sign the form to confirm that the work is their own. The assessor must also sign to confirm the candidate has met the assessment criteria. The IQA must sign the form if the unit is part of their sample for quality assurance purposes.

RD11  Record of internal quality assurance – mandatory

This form records the internal quality assurance activities carried out for a particular qualification. A separate form must be completed for each internal quality assurer working on the qualification. The form provides evidence that the internal quality assurer’s sample has met the requirements of the sampling strategy.

5.20  Verification – how it works

5.20.1  Internal quality assurance

It is your centre’s responsibility to appoint internal quality assurance personnel (See section 4.3) to manage the internal quality assurance process.

The purpose of internal quality assurance is to make sure and show that assessment is valid, reliable and consistent, through monitoring and sampling assessment decisions.

For this qualification you must carry out internal quality assurance to ensure that all candidates’ evidence is assessed consistently to the required standard.
The IQA is responsible for:

- ensuring all assessors are assessing to the required standard
- ensuring all assessment decisions are fair, valid, reliable and consistent
- arranging regular standardisation meetings
- ensuring standardisation of work between assessors
- maintaining records of the outcome of standardisation activities
- advising centre assessors of any discrepancies in assessment
- suggesting ways in which assessment may be brought into line to meet the required standard.

5.20.2 External verification

We will allocate an external verifier who will visit your centre to verify assessments and internal quality assurance against the standards for the qualification and the OCR Criteria for Verified Qualifications.

The external verifier must interview candidates, centre assessors and internal quality assurance personnel during their visits.

For each external verification visit your centre must have available:

- the candidate assessment records (CAR) and evidence for all candidates claimed
- any candidate assessment records and evidence claimed by Direct Claims Status (DCS) since the last visit
- identified work-in-progress portfolios
- access to observe assessments taking place
- access to our on-line claim system (Interchange)
- as requested by the EV, candidates, centre assessors and internal quality assurance personnel; which may include any portfolios claimed for certification through (DCS)
- a copy of the external verifier’s last visit report
- a sample signature list for all centre assessors and internal quality assurance personnel
- details of training, curriculum vitae and original certificates for new members of the assessment team or updated documents for existing assessment team members
- all centre records, see the next section for more details
- evidence of achieving action points and/or recommendations since the last external verifier visit,
- if recorded evidence is used, ensure all recordings and appropriate playback equipment is available.

5.20.3 Centre records required for verification

Your centre must make sure that internal quality assurance and candidate assessment records are available for external verification purposes. These records must be securely held by your centre for...
a minimum of three years following candidate achievement of the qualification, i.e. from the date of certification.

As a minimum these must record the following information:

- the candidate’s name and location
- the title and level of the qualification they are taking
- the candidate’s start date on the programme and confirmation of candidate entry
- the name of the centre assessor
- the name of the internal quality assurance personnel
- the date and outcome of the initial assessment of the candidate
- dates and details of candidate reviews and feedback sessions
- assessment method(s) used
- dates of all assessments and their outcomes (that is, the decision whether the candidate has met the requirements or not) cross-referenced to the unit
- enough detail of the assessments to justify the decision made
- an indication of the frequency, and reason for, the use of simulation, if used
- dates and outcomes of internal quality assurance
- action resulting from internal quality assurance
- candidate’s achievement(s).

Records should show formative assessment decisions (ongoing decision making), summative assessment decisions and feedback to the candidate.

5.20.4 OCR external verifier reports for centres

Our external verifier will report against the OCR criteria for verified qualifications. Our external verifier will use the report to provide feedback to your centre and to OCR.

All external verifier reports are reviewed by OCR and their actions/recommendations are considered. The final decision on the application of any actions or recommendations lies with OCR.

If your centre is found to be non-compliant this will result in actions or sanctions being identified. If there is a sanction this will always result in one or more actions being identified for your centre to address.

If you wish to appeal a decision then you should follow our appeals process in vocational qualifications.

5.21 Direct Claim Status (DCS)

Centres who have achieved a high level of internal verification and management of the internal quality assurance systems are eligible for Direct Claims Status (DCS). This is when centres can claim certification for identified qualifications in between their external verifier visits. Centres consistently meeting all the required criteria and delivering high quality assessment for an
individual qualification over approximately a twelve month period could be awarded DCS. Please see the OCR datasheet Direct Claims Status for QCF/NVQ Certification – information for QCF/NVQ centres.

In the centre report, the OCR external verifier may recommend your centre for direct claim status. If we agree with the EV's recommendation, you will be sent:

- DCS agreement
- DCS Register of accountable officers (containing the names of your centre's accountable officers who are responsible for the DCS certification claims)
- complete list of qualifications approved for DCS.

Once you return the appropriate documentation we will notify you that you can use DCS.

Once you have submitted claims, the external verifier will select a sample of candidates’ work, which will be reviewed at the next external verifier visit. Your centre must retain or have access to all portfolios claimed with direct claim status until the next external verifier visit. Certificates issued under 'Direct Claim' procedures will remain provisional until such time as they are confirmed through a verification visit.

All candidates, including any who leave your centre following certification, must be asked to retain their evidence, portfolios and cumulative assessment record (CAR) for one year as they may be required for audit.

5.21.1 Withdrawal of DCS

DCS may be withdrawn at any time if in the opinion of OCR any of the centre information given is no longer current, the conditions of the approval are not met or the quality of assessment and quality assurance at the centre is compromised.

5.21.2 Re-instatement of DCS

We will apply one of the following:

- reinstate DCS at the next external verifier visit if all action points have been completed
- centre is required to go through the full DCS process and meet the DCS criteria again.

The route for reinstatement will depend upon which of the DCS criteria are not in place at the point of DCS withdrawal.

5.21.3 Critical points regarding Direct Claim Status

- Certificates issued under 'Direct Claim' procedures will remain provisional until such time as they are confirmed through a verification visit.
- Centres must ensure that a verification visit takes place before the end date of a qualification and that all candidates are included at the final visit.
- Direct Claims Status will be withdrawn after the final visit has taken place for the qualification.
- Centres must keep assessment and quality assurance records relating to all candidates for at least three years from the date of the claim.
- The decision on whether DCS is awarded, retained or withdrawn lies with OCR.
5.22 Centre malpractice guidance

It is the responsibility of the Head of Centre\textsuperscript{1} to report (in writing) all cases of suspected malpractice involving centre staff or candidates to OCR Risk and Compliance using the following email address: compliance@ocr.org.uk.

When asked to do so by OCR, Heads of Centres are required to investigate instances of malpractice promptly and report the outcomes to OCR.

Further information is contained in the publication: OCR Malpractice Procedures - A Guide for Centres and the Joint Council of Qualifications (JCQ) publication: General and Vocational Qualifications – Suspected Malpractice in Examinations and Assessments which is available from www.jcq.org.uk.

\textsuperscript{1} The Head of Centre is defined as the most senior officer in the organisation, directly responsible for the delivery of OCR qualifications, e.g. the Principal of a College, the Head Teacher of a school, the Managing Director of a Private Training Provider or the Group Training Manager of a major company.

7.3 Making entries

7.3.1 Entry codes

You can enter candidates for the full qualification or individual units using the following qualification entry codes:

<table>
<thead>
<tr>
<th>OCR entry code</th>
<th>Title</th>
<th>Qualification Number</th>
</tr>
</thead>
<tbody>
<tr>
<td>10392</td>
<td>OCR Level 3 Diploma for the Children and Young People’s Workforce</td>
<td>601/4314/9</td>
</tr>
</tbody>
</table>

The units and any supporting documentation for this qualification can be found on our [website](#).

7.3.2 Qualification or unit entries for verified qualifications

Centres must have been approved to offer this qualification in order to make entries. We recommend your centre applies to become an approved centre well in advance of making their first entries.

Entries must be made via Interchange - OCR’s secure extranet facility. For full details of the process see [Making entries for vocational qualifications via Interchange](#).

Candidates should be entered either for the full award (qualification) or individual units; they should not be entered for both.

Options for candidate entry:

- **Full award entry** – Where candidates intend to complete the whole qualification, rather than just individual units, they can be entered for the full award. This is often a more cost-effective way of making entries. However if the candidate does not complete the full award, the remaining units cannot be transferred to another candidate. Following qualification achievement, if a candidate wishes to progress to the next size of qualification, e.g. from an Award to a Certificate, you could buy additional units or a full award entry. Please see the [fees list](#) for qualification and unit fees.

- **Unit entry** – Candidates can build their qualification unit by unit. This entry route may be useful if your centre is unsure whether a candidate is intending to complete the full qualification.
Route for making entries:

- **Named entry** – You provide specific candidate information, e.g. name and date of birth, for each unit or qualification. The advantage of named entry is that any materials we supply are personalised, requiring less manual work later.

- **Unnamed entry** – This allows you to order a number of units or qualifications in bulk, without specifying who will be taking them. Although this increases the flexibility of the administration, it may increase the administrative burden later in the process, as you still have to provide the specific candidate information.

### 7.4 Unique Learner Numbers (ULN) and the Personal Learning Record (PLR)

Ofqual requires Awarding Organisations to capture the Unique Learner Number (ULN) for all candidates who have claimed certification for this qualification. It is also a condition of funding that all candidates that claim certification for publically funded qualifications must have a valid ULN.

The Personal Learning Record (PLR) is a permanent, online record of a candidate’s qualifications and achievements and supports Credit Accumulation and Transfer (CAT). Each unit and qualification in the Qualifications and Credit Framework (QCF) has a credit value. The PLR enables learners to accumulate a record of their achievements within one place and supports the transfer of credit for these units between learning providers and awarding organisations, therefore supporting learners to gain full qualifications.

Learners over the age of 14 in UK education or training can access the PLR using their ULN. Learners keep the same ULN to access their PLR throughout their lives and whatever their level of learning.

Where a candidate has a ULN, you must enter their ten digit number in the ULN field when making entries via Interchange. For candidates who do not have a ULN, a claim will still be accepted if you leave this field blank, but OCR will not be able to send these achievements to the PLR.

Further information about this can be found in the [Admin guide: Vocational Qualifications](#) and at the [Learner Records Service](#).

### 7.5 How to make certificate claims

All claims should be carried out via OCR Interchange. For full details of the process see [Making online claims for vocational qualifications](#).

Please note that for postally examined/moderated qualifications the work must be sent to the examiner-moderator within 24 hours of the claim being made on Interchange.

Where candidates achieve the qualifications/units we will issue certificates 21 working days after you submit your candidate work to the examiner moderator.

### 7.6 Enquiries about results

Please refer to the [Admin guide: Vocational Qualifications](#).
8 Certification

Candidates who achieve the full qualification will receive:

- a unit certificate listing the unit or units achieved, with their related credit value and the unit reference number(s), and
- a certificate stating the full qualification title and the qualification number.

Candidates who achieve one or more units, but who do not meet the credit requirements for a full qualification, will receive a certificate listing the units they have achieved along with their credit value.

8.1 Claiming certificates

Certificates will be issued directly to your centre for successful candidates. In order to ensure that these are automatically issued, you must ensure that the OCR candidate number is always used where a candidate has already achieved one or more units. See the Admin guide: Vocational Qualifications for full details.

For details on how to make online claims for QCF qualifications see the step-by-step guide; Making online claims for vocational qualifications.

8.2 Replacement certificates

For details on replacement certificates see the Admin guide: Vocational Qualifications.

You are free to deliver this qualification using any mode of delivery that meets the needs of your candidates. Whatever mode of delivery is used, you must ensure that candidates have appropriate access to the resources identified in this handbook and units.

You should consider the candidates' complete learning experience when designing learning programmes. This is particularly important where candidates are studying part time alongside work commitments where candidates may bring with them a wealth of experience that should be utilised to maximum effect by your staff.

We do not specify the mode of study or a time limit for the achievement of this qualification other than the last entry/last certification dates. We will notify you at least six months before the qualification closes for entries and this information will be available on Ofqual’s register of accredited qualifications and our last entry/certification notification.

9.8 Centre resources and requirements

Your centre should ensure that appropriate physical resources are made available to candidates. Each unit will contain guidance on the resources required.

Your centre must provide appropriate assessment facilities for candidates that comply with our regulations stated in the Admin guide: Vocational Qualifications and the JCQ Instructions for Conducting Examinations.

9.9 Recognition of Prior Learning (RPL)

Within the QCF, recognition of prior learning (RPL) is defined as 'A method of assessment that considers whether a learner can demonstrate that they can meet the assessment requirements for a unit through knowledge, understanding or skills they already possess and do not need to develop through a course of learning.' (Regulatory arrangements for the Qualifications and Credit Framework Ofqual/08/3726.) We encourage the use of RPL and you should advise your learners that they can bring forward any relevant learning (gained either informally or formally) so that it can be assessed against the assessment criteria specified in the unit, or units, the learner aims to complete. It is important that you make it clear to your learners that the RPL process is concerned with how the learner has acquired the knowledge, understanding or skills; it does not mean the learner is exempt from the assessment.

The currency of knowledge and ability is often important when recognising skills and competencies. Where assessment is devolved to centres through assignments or portfolio-building, centre staff must judge the relevance of prior learning in all its aspects (including currency) to the qualification being assessed, before we will quality assure and authorise certification.
9.10 Access arrangements and special consideration

Adjustments to standard assessment arrangements are made on the basis of the individual needs of candidates.

It is important that your centre identifies as early as possible whether candidates have disabilities or particular difficulties that will put them at a disadvantage in the assessment situation and select an appropriate qualification or adjustment that will allow them to demonstrate attainment.

The responsibility for providing adjustments to assessment is one which is shared between OCR and your centre. Centre staff should consult the Joint Council of Qualifications’ (JCQ) booklet Access Arrangements, Reasonable Adjustments and Special Consideration at www.jcq.org.uk.

You should also refer to this document for candidates who require a post-examination adjustment (special consideration) to reflect temporary illness, indisposition or injury at the time the assessment was taken.

For further guidance on access arrangements and special consideration refer to the Admin guide: Vocational Qualifications.

9.11 Wider issues

This qualification provides opportunities for you to develop candidates’ understanding of wider issues: spiritual, moral, ethical, social, legislative, economic and cultural issues as well as an awareness of sustainable development, health and safety considerations and European developments consistent with international agreements.
