Assessment

This unit must be assessed in accordance with Skills for Care and Development's QCF Assessment Principles.

Assessment decisions for competence based learning outcomes (e.g. those beginning with 'Be able to') must be made in a real work environment by an occupationally competent assessor. Any

knowledge evidence integral to these learning outcomes may be generated outside of the work environment but the final assessment decision must be within the real work environment.

This unit is competence based. This means that it is linked to the candidate's ability to competently perform a range of tasks connected with their work. This unit may be assessed using any method, or combination of methods, which clearly demonstrates that the learning outcomes and assessment criteria have been met. This unit requires workplace assessment of occupational competence.

Competence based assessment must include direct observation as the main source of evidence.

National Occupational Standards (NOS) mapping/signposting

This unit has been developed by Skills for Care and Development in Partnership with Awarding Organisations. It is a requirement for new staff working in residential childcare to be working towards these qualifications from 01/01/15. It is directly relevant to the needs of employers and relates to national occupational standards developed by Skills for Care and Development. As such, the unit may provide evidence for SCDHSC 0303 and SCDHSC 0325.
