SAMPLE ASSESSMENT MATERIAL

Level 3 Cambridge Technicals in Digital Media
05843/05844/05845/05846

Unit 2: Pre-production and planning

Date – Morning/Afternoon

Time Allowed: 2 hours

INSTRUCTIONS
• Use black ink.
• Complete the boxes above with your name, centre number and candidate number.
• Answer all the questions.
• Write your answer to each question in the space provided.
• Additional paper may be used if required but you must clearly show your candidate number, centre number and question number(s).
• Do not write in the bar codes.

INFORMATION
• Refer to the Insert provided when answering all questions.
• The total mark for this paper is 80.
• The marks for each question are shown in brackets [ ].
• Quality of extended response will be assessed in questions marked with an asterisk (*).
• This document consists of 12 pages.
Answer all questions.

Section A

1

(a) Identify two costs that Ian needs to consider when developing the 247Me app and explain how these costs impact on the project.

(b) Identify one type of project management tool that Ian could use to keep track of the project tasks and explain why it is suitable for this task.
2 Ella is a Graphic Designer. Discuss how her training and skills could be used by ProgressMediaUK when developing the 247Me app.

3 Identify one act of legislation that is applicable to the 247Me app.
4 A mock-up design of the 247Me app login screen has been created. Ian has given this to the marketing research company that ProgressMediaUK use.

(a) Identify one method of primary research that could be carried out using the mocked up design and explain why it is suitable.

(ii) Explain one reason why open-ended questions would be a suitable research tool for the 247ME app development.

(iii) Explain one issue that could be caused for ProgressMediaUK by analysing the data collected using open-ended questions.
(b) Explain one way the outcome of the market research could affect the development of the 247Me app.

5 Ella and Josh have identified a number of tasks that would need to be carried out during the development of the 247Me app.

Use the tasks listed at the top of the table to create a basic project plan showing the work flow that would need to be completed.

The first one has been done for you.

7 Using the product brief provided by Mikael to ProgressMediaUK:

(a) Identify one explicit requirement

.................................................................................................................................................. [1]

(b) Identify one requirement that is open to interpretation.

.................................................................................................................................................. [1]

(c) Identify one constraint on the project.

.................................................................................................................................................. [1]
As one of your first tasks in your apprenticeship Ella has asked you to create a visualisation diagram for the home screen of the 247Me app.

In the space provided, create the first draft of the visualisation diagram for the home screen of the app.

Marks will be awarded for:

- content
- fitness for purpose
- use of annotations to justify your decisions.
Ian and Josh have asked you to tell them how you think the 247Me app can be designed and what pages could be included.

Create a site structure diagram for the 247Me App showing the pages that could be included and show how they link together.

Marks will be awarded for:

- content
- fitness for purpose
- use of annotations to justify your decisions.
When Mikael first met with ProgressMediaUK to discuss the 247Me app, a SWOT analysis was carried out.

Evaluate the potential effectiveness of a SWOT analysis as a development tool for the 247Me App.

| 1 (a) | 1 mark for each cost identified, 2 marks for each suitable explanation.  

- Staffing Cost(1) hiring staff will cost money(1) and the more staff that are used, the more it will cost(1)  
- Cloud hosting(1) this will need to be bought(1) and more customers will mean more space will be needed(1)  
- The market research company(1) hiring these will cost money(1) and the more they are used, the more it will cost(1) | 6 | Maximum 3 marks per cost identified |
| (b) | 1 mark for project management tools identified 2 marks for suitable explanation.  

- Spreadsheet(1) as figures can be entered (1) and calculations can be carried out (1)  
- Project management software (1) to create tasks (1) and allocate staff (1) | 3 | |
| 2 | **Level 3 (7 – 9 marks)**  
There is an excellent discussion that covers both Ella's training and skills as a graphic designer and links these directly to the company's need to create a user-friendly interface for the app. These links will be explained fully.  

**Level 2 (4 – 6 marks)**  
There is good discussion that covers Ella's training as a graphic designer and links this to the needs of the company. These links may be implied and not explained fully.  

**Level 1 (1 – 3 marks)**  
This answer may only be a basic description of Ella’s experience with few links to the needs of the company being identified. | 9 | Read answer as a whole and then award marks.  
Points that may be covered:  
- Ella’s graphic design background  
- Ella’s artistic skills  
- Design of user interface  
- Design of user interaction  
- Others in ProgressMediaUK have different skills which would not benefit this section of the project so would be wasteful.  
0 marks for responses not worthy of credit. |

| 3        | One mark from:  
           - Data Protection Act  
           - Copyright, Designs and Patent Act | 1 | Reference to any other valid legislation will be credited. |
| 4 (a) (i) | 1 mark for method identified  
         2 marks for suitable explanation.  
         e.g.  
         - Focus group(1) could easily be shown the mock-up in a face-to-face session(1) to get their views and discuss them(1)  
         - Questionnaire(1) is cheap and easy to distribute(1), to gather wide selection of views of the 247Me design mock-up | 3 | This question is Synoptic content linked to unit 1 – (LO4 and LO5) |
| (ii)     | 1 mark for issue, 2 marks for suitable expansion.  
         e.g.  
         - The people asked could provide long answers(1) that would give their views clearly(1) and allow them to express their opinions about the 247Me App(1) | 3 |  |
| (iii)    | 1 mark for reason, 2 marks for suitable expansion.  
         e.g.  
         - It will take time to read(1) because all the answers will be more than 1 word(1) so it will take time to read and analyse(1)  
         - The answers are not quantitative (1) so they take time to read(1) as there is no numerical data that can be quickly analysed(1) | 3 | |
| 4 (b)    | 3 marks for suitable expansion.  
         e.g.  
         - The ideas(1) given by the audience(1) could be used to make changes to the designs(1)  
         - The project could be delayed(1) if the feedback is bad(1) and a redesign has to take place(1) | 3 | |
