Dear Tricia

OCR Level 3 Cambridge Technicals in Health and Social Care

Thank you for inviting me to review the proposed unit to be included in the OCR Level 3 Cambridge Technicals in Health and Social Care. I have reviewed:

**OCR Level 3 Cambridge Technical Extended Diploma in Health and Social Care
(603/0381/5)**

Research Methods in Health and Social Care

I agree that the inclusion of this unit will enrich the qualification by introducing, and developing learners' understanding of research in Health and Social Care. It also better prepares those learners who plan to continue their studies at a higher level.

Yours sincerely

Karen A McGrath
Associate Professor
Programme Leader & Faculty Teaching, Learning, and Assessment Fellow
Faculty of Health, Education and Life Sciences
