INSTRUCTIONS FOR TEACHERS

INSTRUCTIONS FOR TEACHERS

- The assessment material will be despatched to centres in May.
- The materials may be issued to candidates at the start of the course.
- There is no set time limit for either the preparatory work or the production of the final outcome.
- There is no set time period in which the assessment must be undertaken. The materials may be used at any time determined by the centre.
- Teachers must set a deadline for the work to be completed. This deadline must reflect the need for teachers to mark the work and submit marks to OCR and the Visiting Moderator by the appropriate deadline.
- All preparatory and final work must be handed in by the deadline set by the teacher.
- This document consists of 4 pages. Any blank pages are indicated.

Preparatory work and production of the final outcome

- (a) The preparatory work should consist of research, experiments, ideas and possible solutions. Ideas should be influenced by research into the work of appropriate artists, craftspeople and/or designers.
- (b) All sources should be acknowledged.
- (c) Discussions will need to take place between teachers and candidates to ensure that candidates' proposals are realistic and achievable with the resources available. Teachers should guide and supervise candidates during the research and preparation period.
- (d) The production of the final outcome must be undertaken in an art room under teacher supervision. Candidates will need access to appropriate media, materials, associated tools and equipment.
- (e) The production of the final outcome must be the candidates' own unaided work. Any assistance given to candidates during the preparatory work must be acknowledged in the marking of the assessment.
- (f) Teachers must complete a Centre Authentication Form (CCS160).

Assessing the work

- (a) Teachers mark the work to the requirements of the assessment evidence grid.
- (b) All preparatory and final work should be marked.
- (c) Each unit is marked out of a total of 100 marks.
- (d) Candidates may not add to their work after marks have been submitted to OCR and the Moderator.
- (e) Teachers are reminded that all marking and internal moderation must be completed in good time before the submission of marks. Marks must be submitted by **15 May**. Teachers may submit their marks earlier, if available.
- (f) All work must have the centre name and number along with the candidate's name and number on it.
- (g) The mark for each candidate must be entered on the appropriate Unit Recording Sheet (URS) and the MS1. The URS must be kept with the candidate's work and the correct copies of the MS1 must be sent to OCR and the Visiting Moderator.

Internal moderation

Teachers are reminded that it is the responsibility of the centre to award marks to produce a valid and reliable order of merit for each unit which reflects the attainment of all the candidates at the centre. Evidence to show that effective internal moderation has been carried out must be retained in all cases where the centre's order of merit is the result of combining two or more orders of merit within the centre.

External moderation

When the marks have been entered on MS1 forms:

- (a) The **OCR copies** should be received by **15 May**. Teachers may submit their marks earlier, if available. Under no circumstances must the OCR copies of the MS1 forms be sent in the same envelope as the Moderator's copy.
- (b) The **Moderator copies** should be despatched to the Visiting Moderator whose name and address is given on the printed labels and listing. **Please refer to the Examinations Officer at your centre to obtain the name and address of your Moderator.**
- (c) The **centre copies** should be retained for reference purposes.

The Visiting Moderator

- (a) Moderation of art and design work will be by visit for all units. The Visiting Moderator will contact the Centre to make the arrangements for the visit.
- (b) OCR will inform the centre in writing of the names and numbers of those candidates whose work will comprise the sample for moderation.
- (c) It is the responsibility of the centre to ensure that work selected for moderation is displayed. The work must be arranged in separate rank orders for each unit. Work must not be displayed in candidate number order. The rank order should be that of the centre as a whole by unit. Centres that have difficulty in satisfying these requirements should discuss the matter with the Moderator prior to the visit. Candidates' work must be clearly labelled.
- (d) Sufficient labels will be supplied to enable the centre to provide one label for each candidate. A label must be completed and attached to each candidate's exhibition of work.
- (e) It is important that candidates' work is ready for moderation at the time stated by the Moderator. Moderators will be instructed to inform OCR of any unnecessary delays.
- (f) The work of the remaining candidates must be available for inspection by the Moderator if necessary.
- (g) Any correspondence with OCR relating to applications for Special Arrangements in respect of Coursework or External Assessment must be available to the Visiting Moderator. The work of the candidates involved must be made available to the Moderator if requested.
- (h) The Visiting Moderator will use the Unit Recording Sheets URS752 and URS752i to check whether the marks awarded are appropriate.
- (i) **During the period of moderation, the room(s) where work has been displayed must be set aside for the sole use of the Moderator without either staff or candidates present.**
- (j) The process of moderation will be carried out in accordance with the procedures laid down by OCR.

- (k) Team Leaders appointed by OCR will either accompany Visiting Moderators or visit selected centres after moderation in order to undertake OCR's quality assurance procedures. Those centres involved will be informed of the arrangements by the Moderating Team well in advance of the visit whenever possible.

Notification of the outcome of the Moderation Process

- (a) After moderation has been completed, all work must be kept securely in the centre until the results have been published and until any Enquiries About Results/Appeals have been concluded.
- (b) The outcome of moderation will be available to centres along with candidates' results. If dissatisfied with the outcome, centres may request a review of moderation through the Enquiry About Results process.

Selection of work for display at the Awarding Meeting

Moderators will be instructed to approach centres in order to obtain samples of work which may be used at the Awarding Meeting.

Centres will be expected to comply with requests from Moderators for work to be taken to the Awarding Meeting and to sign a Copyright Permission Form.

All work will be returned to centres after the Awarding Meeting with the exception of any work selected for Training, Standardisation, Archive and educational purposes. Work retained by OCR for any of these purposes will be returned to centres no earlier than September, the following year.

Copyright Information

OCR is committed to seeking permission to reproduce all third-party content that it uses in its assessment materials. OCR has attempted to identify and contact all copyright holders whose work is used in this paper. To avoid the issue of disclosure of answer-related information to candidates, all copyright acknowledgements are reproduced in the OCR Copyright Acknowledgements Booklet. This is produced for each series of examinations and is freely available to download from our public website (www.ocr.org.uk) after the live examination series.

If OCR has unwittingly failed to correctly acknowledge or clear any third-party content in this assessment material, OCR will be happy to correct its mistake at the earliest possible opportunity.
