

Dear Mr Plunkett

Re OCR Level 3 Cambridge Technical Certificates:

I can confirm that we consider that the above qualification, listed in detail at the end of this letter, would be suitable for consideration in our admissions process to our degree programmes in line with the published UCAS tariff rating.

This qualification would be considered as part of an academic profile that would typically also include A levels. Cambridge Technical Certificates would not be considered to meet any specific A level requirements for entry to a degree course at The University of Warwick, for example A level Mathematics.

When considering an applicant who is taking a Cambridge Technical Certificate we would require that they are taking a majority of their units from Academic and Applied General areas. The number of Academic units required would be influenced by the A level subjects also being taken, the subject area of the Cambridge Technical, and the course being applied to.

It is important to note that we do not offer preferential treatment to applicants with any particular Level 3 qualifications in accordance with our equal opportunities and admissions policies

Yours sincerely

Andrew Higgins
Director of Student Admissions and Recruitment
