WHAT WE'VE IMPROVED...

Data

Ease of data interpretation

Accessibility of reports

WE'VE DONE THIS BY...

- Presenting data in a clearer way
- Archiving 3yrs+ data
- Consistently displaying OCR National data & proportions
- Highlighting Centre performance against OCR National data
- Providing clear labelling of reports and graphs
- Ordering questions based on numerical logic in graphs and reports
- Updating filter options for reports
- Updating our 'Help and Support' pages
- Toggle button in report to switch between marks and percentages

BENEFITS

- Identify trends across 3 years
- · Easily interpret results data
- Drill down to individual candidate results
- Get a breakdown of specification into constituent units/components/ marks for individual candidates
- Pin point strengths and development areas of your students and teaching departments
- Review and run analysis reports on exam performance
- Use as a stand-alone report or embed into presentations
- Easier to navigate reports
- Apply filters to tailor analysis
- Step by step guides
- Give Centres control on how they want to analyse results data
