# 1 Introduction

## 1.1 What are Functional Skills ICT?

---

Functional Skills ICT qualifications are designed to enable students to develop confidence and fluency. They equip students with the practical skills to get the most out of education, work and everyday life and to help them function more confidently, effectively and independently.

Entry Level is an internally assessed and OCR-moderated qualification which can be taken at any time during the year. Levels 1 and 2 are externally assessed by OCR set and marked tests that can be taken at any time during the year. We offer both on-screen and paper-based tests for each qualification.

For more information, visit [www.ocr.org.uk/functionalskills](http://www.ocr.org.uk/functionalskills).

## 1.2 About this booklet

---

This booklet contains the qualification entry information for OCR's Functional Skills in ICT.

Any changes will be clearly identified in the version control table below and the version number will be updated accordingly in the footer.

We will also notify centres of any amendments in our monthly [Subject Information Update](#) email.

The following qualifications have their own entry codes booklets, which can be downloaded from the [OCR website](#):

- General qualifications (AS and A Level, Core Maths, Entry Level Certificate, Extended Project, FSMQ and GCSE)
- Cambridge Nationals
- Cambridge Technicals
- Vocational qualifications.

## 2 ICT Entry Codes

Entries must be made for each unit individually. **It is not possible to make full award entries.** Once the unit or units have been achieved, a full qualification will be awarded automatically. It is not possible to make entries for on-screen tests via Interchange or A2C; these must be made via the on-screen test system, [Surpass](#).
