

## Qualification and notional component raw mark grade boundaries November 2020 series

The following qualifications are 'linear', which means that all the assessment is taken at the end of the course. For more information about how we use grade boundaries to calculate grades, see [www.ocr.org.uk/students/getting-your-results/calculating-your-grade/](http://www.ocr.org.uk/students/getting-your-results/calculating-your-grade/)

For all subjects apart from Art and Design, non-exam assessment components were not available in the November 2020 series and so will not contribute to the overall qualification grade. Where non-exam assessment components were not available, they will not be listed within this document.
