

# Your guide to the changes for 2022

Following [Ofqual's consultation](#) on arrangements for the assessment of VTQs in the academic year 2021/22, we are carrying forward the below guidance on changes to requirements or alternative approaches to producing work for assessment.

Our changes are designed so that teaching, learning and assessment can continue in the event of any further disruption as a result of a changing public health situation and to make sure that the learning outcomes and assessment criteria can still be met.

Please use the [specification and assignments](#) available on our website, alongside this document, to plan and carry out assessment in 2021-22.

## Suggested adaptations

Unit number(s) and title(s)	Learning objectives (LO)	Criteria	Issues identified in the unit(s)	Adaptations / solutions
Unit 6: Working with individuals in adult health and social care environments	<p><b>LO3:</b> Be able to support individuals in adult health and social care environments with the management of medication.</p> <p><b>LO4:</b> Be able to recognise how the needs of individuals in adult health and social care environments could be met through equipment, aids and assistive technology, and be able to support their use</p>	<p><b>P5:</b> Demonstrate effective management of medication when supporting individuals in adult health and social care environments</p> <p><b>P7:</b> Support an individual to use assistive technology, equipment or aids following instructions and/or agreed ways of working</p> <p><b>P8:</b> Demonstrate effective and appropriate written and verbal skills when communicating with individuals and others in an adult health and social care environment</p>	Candidates are required to demonstrate skills and support individuals in adult health and social care environments.	<p>Where candidates are not able to access a work placement, all grading criteria can be met through role play and simulation. This is already permitted for this unit.</p> <p><b>P5:</b> Candidates must use role play within the classroom to demonstrate effective management of medication.</p> <p><b>P7:</b> candidates can use role play to show how they would support an individual to use assistive technology, equipment or aids following instructions and/or agreed ways of working.</p>

Unit number(s) and title(s)	Learning objectives (LO)	Criteria	Issues identified in the unit(s)	Adaptations / solutions
Unit 6: Working with individuals in adult health and social care environments	<p><b>LO5:</b> Be able to communicate effectively with the individual, carers, visitors and other professionals in adult health and social care environments.</p> <p><b>LO7:</b> Be able to support individuals in adult health and social care environments with practical tasks</p>	<p><b>P11:</b> Demonstrate skills in supporting individuals with practical tasks whilst observing their individual rights in adult health and social care environments</p>		<p><b>P8:</b> candidates can use role play within the classroom to demonstrate effective and appropriate written and verbal skills when communicating.</p> <p><b>P11:</b> role play can be used for candidates to demonstrate the skills required in supporting individuals in adult health and social care environments with at least two different practical tasks whilst observing their individual rights in adult health and social care environments.</p> <p>All activities (whether carried out in a work experience setting or through role play and simulation) must be evidenced as normal.</p>
Unit 8 Working with children in a childcare environment	<p><b>LO3:</b> Be able to support children in childcare with the management and recording of medication</p> <p><b>LO4:</b> Be able to recognise how the needs of children in childcare could be met through equipment, aids and assistive technology, and be able to support their use</p> <p><b>LO5:</b> Be able to communicate effectively with children, parents/guardians, carers and other professionals in childcare</p> <p><b>LO7:</b> Be able to support children in childcare with practical tasks</p>	<p><b>P5:</b> Demonstrate skills and key principles of the management of medication when supporting children in childcare</p> <p><b>P7:</b> Support a child to use assistive technology, equipment or aids following instructions and/or agreed ways of working</p> <p><b>P8:</b> Demonstrate effective and appropriate written and verbal skills when communicating with children and others in childcare</p> <p><b>P11:</b> Demonstrate skills in supporting individuals with practical tasks whilst observing their individual rights in childcare</p>	Candidates are required to demonstrate skills and support children in childcare environments.	<p>Where candidates are not able to access a work placement, all grading criteria can be met through role play and simulation. This is already permitted for this unit.</p> <p><b>P5:</b> Candidates can use role play within the classroom to demonstrate effective management of medication.</p> <p><b>P7:</b> candidates can use role play to show how they would support a child to use assistive technology, equipment or aids following instructions and/or agreed ways of working.</p> <p><b>P8:</b> candidates can use role play within the classroom to demonstrate effective and appropriate written and verbal skills when communicating.</p> <p><b>P11:</b> role play can be used for candidates to demonstrate the skills required in individuals in with practical tasks whilst observing their individual rights in childcare.</p>

## Support

OCR's team of expert Subject Advisors has created videos, webinars, and other resources to guide you through these changes and help you prepare your students.

These resources can be found on [the qualification page on our website](#).
