Introduction

This booklet contains the qualification entry information for OCR's vocational qualifications.

All qualifications within this booklet have an accreditation period assigned to them, which means that they have a start date and an end date. We publish a monthly guide to our vocational qualifications which are approaching last entry or last certification date within the next six months. It is important that centres check this document regularly for updates. The guide can be downloaded from the OCR website.

If there are any subsequent changes or additions to this booklet, we will update the online version, available to download from the OCR website.

Any changes will be clearly identified in the version control table below and the version number will be updated accordingly in the footer.

We will also notify centres of any amendments in a subject update.

The following qualifications have their own entry codes booklets, which can be downloaded from the OCR website:

- General qualifications (AS and A Level, Core Maths, Entry Level Certificate, Extended Project FSMQ and GCSE)
- Cambridge Nationals
- Cambridge Technicals.

Key to forms of assessment

♦ = Available for certification only

EV = Externally verified

T = Timetabled exam

O = On-screen test

M = Moderated assessment criteria/tasks

V = Vendor test

4 Careers, Advice and Guidance

4.1 Career Guidance and Development

We replaced our Career Guidance qualifications (04512/10215) with updated Career Guidance qualifications (04663/04664), for first teaching in September 2021.

Certification is available on the legacy qualifications until 31 December 2024.
