

Cambridge Nationals grade boundaries June 2025 series

Cambridge Nationals are unitised qualifications. This means the qualifications can be taken in chunks, or units, throughout the course. At the end of the course, you pull together all of the unit results into an overall qualification grade. The mark you get on each exam paper or coursework unit will be your unit mark. This is sometimes called a 'raw' mark.

However, the difficulty of Cambridge Nationals exam papers may vary. In order to make sure results are consistent from year to year, we convert the raw marks to a common scale with grade boundaries that do not change. This scale is known as the uniform mark scale (UMS).

A grade boundary is the minimum mark you need to get a grade. For example, if the unit grade boundary for a merit at Level 2 is 42 UMS, you need to get at least 42 UMS to achieve a merit at Level 2. A mark of 41 UMS would therefore be a pass at Level 2. The unit raw mark and UMS grade boundaries are provided within this document. If you want to convert a specific raw mark to UMS, you can use our online tool, see www.ocr.org.uk/qualifications/cambridge-nationals/convert-raw-marks-to-ums/.

Units are graded as follows:

- 2* distinction* at Level 2
- d2 distinction at Level 2
- m2 merit at Level 2
- p2 pass at Level 2
- d1 distinction at Level 1
- m1 merit at Level 1
- p1 pass at Level 1

For more information about results and grade calculations, see www.ocr.org.uk/students/getting-your-results/.

Qualification level UMS grade boundaries

To calculate your overall qualification grade, we add the UMS for each unit to get your total UMS. We then check the total UMS against the qualification UMS grade boundaries. These do not change and are shown below:

Level 1/2 Cambridge National										
		Max Mark	D*2	D2	M2	P2	D1	M1	P1	U
	UMS	200	180	160	140	120	100	80	60	0
