READ INSTRUCTIONS OVERLEAF

INSTRUCTIONS

Use black ink.

Write your answer to each question in the space provided. If you need extra space use the lined pages at the end of this booklet. The question numbers must be clearly shown.

Answer ALL the questions.

INFORMATION

The total mark for this paper is 60.

The marks for each question are shown in brackets [].

Quality of extended response will be assessed in questions marked with an asterisk (*).

ADVICE

Read each question carefully before you start your answer.

1 Hospitals use a variety of different drugs to treat pain.

Patients in a hospital are participating in a study to assess the effectiveness of a new drug for pain relief.

(a) State THREE purposes for carrying out this study.

1 _____

2 _____

3 _____

[3]

(b)

(i)* Describe how a randomised controlled trial could be used for this study. [6]

- (ii) The table shows statements about other research methods that could be suitable for this study.

Complete the table by deciding whether each statement is TRUE (T) or FALSE (F). [3]

Statement	True (T) or False (F)
A questionnaire about existing pain relief drugs could be given to patients as part of the primary research.	
Informal observation of hospital practice could be used to gather quantitative data.	
Journals and reviews about drugs for pain relief could be used as a primary research method.	

(c)* Discuss how the research team could maintain good ethical practices when carrying out the randomised controlled trial. [8]

**2 This question relates to the
PRE-RELEASE material and your
SECONDARY RESEARCH.**

State your chosen research article.

**(a)*In response to your chosen article,
analyse how you used your secondary
sources to enable you to write good
research questions. [10]**

[illegible]

- (b) Library searches are used for locating secondary sources.**

When carrying out secondary research for your chosen article:

- (i) Identify TWO advantages of using library searches.**

1 _____

2 _____

[2]

- (ii) Identify ONE disadvantage of using library searches.**

_____ **[1]**

**(c)*In response to your chosen article,
discuss how you considered
appropriateness AND trustworthiness
when selecting your secondary
sources. [6]**

**(d)*In response to your chosen article,
present your findings AND draw
conclusions to include:**

**reference to research question or
hypothesis
judgements on findings or evidence**

[10]

[illegible]

(e) In response to your chosen article, state ONE implication of your findings for each of the following:

(i) practitioners or professionals

[1]

(ii) government policy

[1]

(f)* Evaluate your secondary research sources with reference to their RELIABILITY. [6]

(g) With reference to your secondary research:

(i) Identify ONE area that requires further research.

[1]

(ii) Describe how an alternative research method could be used to obtain further evidence.

[2]

END OF QUESTION PAPER

EXTRA ANSWER SPACE

If you need extra space use these lined pages. You must write the question numbers clearly in the margin.
