All candidate work must be assessed, internally moderated and complete before being submitted to the OCR examiner-moderator. Only work that meets all of the required assessment criteria should be submitted for external moderation. Certification claims for Entry Level Functional Skills are made online via Interchange. For information and guidance on how to build an online claim please refer to the OCR Admin Guide: *Functional Skills* and the step-by-step user guide (which is available from the OCR website www.ocr.org.uk/interchange). As soon as you have submitted your claim online, you need to send the candidate work (for all of the candidates for whom you have made a claim) to your OCR examiner-moderator. **Failure to submit an online claim will result in your examiner-moderator being unable to moderate the work.**

Tick the subject and level being submitted (only one subject and level should be submitted with each front sheet).
