Assessment

This unit is assessed by the centre and sent to OCR for moderation.

Guidance on assessment and evidence requirements

This unit is assessed using a model assignment. OCR has produced a model assignment for each unit which centres may use for the purpose of assessment. The model assignment contains a scenario or real-life situation and related tasks which are based on the assessment criteria of the unit.

Centres may either use the model assignment as an entire, holistic assessment for an individual unit, adapt it to suit individual candidates' needs or devise their own assignment. If they choose to adapt the assignment or devise their own assignment they must ensure that the modified assignment will provide candidates with sufficient opportunity to demonstrate achievement of all the assessment criteria in the unit.

Please refer to the model assignment for this unit which can be found on the OCR website www.ocr.org.uk.

Functional skills signposting

The functional skills mapping for this unit is detailed in the centre handbook which can be found on the OCR website www.ocr.org.uk.
