Information for completing this form

The assessment for this Unit should be carried out according to the instructions and information given in the **Specification** and in the **Coursework Guidance** documents for this Unit.

One form should be used for each candidate.

In carrying out assessments and recording outcomes Centres should particularly bear in mind the following:

Length of folders

The specification makes clear that the **maximum length of AS coursework is 3000 words**. AS candidates should be encouraged to keep closely to this maximum word length. Footnotes, quotations and bibliographies are not included in the word count.

Please note that the **maximum figure of 3000 words** is a limitation required by QCA, and so **no folder must be submitted at AS which exceeds this length**. If a folder exceeds this limit, Centres are instructed to indicate the 3000 word point and assess only the first 3000 words. A comment must appear on the Cover Sheet to indicate that this has been done.

Teacher marks and comments

All folders must show evidence of assessment and should include **on the Cover Sheet**:

- The initial **mark out of 20 for Task 1**; the initial **mark out of 20 for Task 2**.
- The final, internally assessed **mark out of 40**.
- A **summative comment** that helps explain the initial mark which has been given. Wherever possible, this should be expressed in terms which relate to the descriptions for coursework mark bands and quality of written communication.

In addition, further annotation and comments by the teacher in the body of the work are encouraged and each centre will apply its own practice in this respect.
